(1) determined to be necessary in the public interest during the period of a national emergency declared by the President or by the Congress;

(2) the public exigency will not admit of the delay incident to advertising;

(3) the aggregate amount involved does not exceed $1,000;

(4) for personal or professional services;

(5) for any service to be rendered by any university, college, or other educational institution;

(6) the supplies or services are to be procured and used outside the limits of the United States and its possessions;

(14) for supplies of a technical or specialized nature requiring a substantial initial investment or an extended period of preparation for manufacture, as determined by the agency head, when he determines that advertising and competitive bidding may require duplication of investment or preparation already made, or will unduly delay procurement of such supplies;

(15) for supplies or services as to which the agency head determines that the bid prices after advertising therefor are not reasonable or have not been independently arrived at in open competition: *Provided*, That no negotiated purchase or contract may be entered into under this paragraph after the rejection of all bids received unless (A) notification of the intention to negotiate and reasonable opportunity to negotiate shall have been given by the agency head to each responsible bidder, (B) the negotiated price is lower than the lowest rejected bid price of a responsible bidder, as determined by the agency head, and (C) such negotiated price is the lowest negotiated price offered by any responsible supplier;

(16) the agency head determines that it is in the interest of the national defense that any plant, mine, or facility or any producer, manufacturer, or other supplier be made or kept available for furnishing supplies or services in the event of a national emergency, or that the interest either of industrial mobilization in case of such an emergency, or of the national defense in maintaining active engineering, research and development, are otherwise subserved: *Provided*, That beginning six months after the effective date of this Act and at the end of each six-month period thereafter, there shall be furnished to the Congress a report setting forth the name of each contractor with whom a contract has been entered into pursuant to this subsection (16) since the date of the last such report, the amount of the contract, and, with due consideration given to the national security, a description of the work required to be performed thereunder; or

Repair, etc., of buildings.

(e) This section shall not be construed to (A) authorize the erection, repair, or furnishing of any public building or public improvement, but such authorization shall be required in the same manner as heretofore, or (B) permit any contract for the construction or repair of buildings, roads, sidewalks, sewers, mains, or similar items to be negotiated without advertising as required by section 3, unless such contract is to be performed outside the continental United States or unless negotiation of such contract is authorized by the provisions of paragraph (1), (2), (3), (10), (11), (12), or (15) of subsection (c) of this section.

SEC. 3. Whenever advertising is required—

Advertisement for bids.

(a) The advertisement for bids shall be a sufficient time previous to the purchase or contract, and specifications and invitations for bids shall permit such full and free competition as is consistent with the

procurement of types of supplies and services necessary to meet the requirements of the agency concerned.

(b) All bids shall be publicly opened at the time and place stated in the advertisement. Award shall be made with reasonable promptness by written notice to that responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the Government, price and other factors considered: *Provided*, That all bids may be rejected when the agency head determines that it is in the public interest so to do.

Opening of bids.

Rejection.

SEC. 4. (a) Except as provided in subsection (b) of this section, contracts negotiated pursuant to section 2 (c) may be of any type which in the opinion of the agency head will promote the best interests of the Government. Every contract negotiated pursuant to section 2 (c) shall contain a suitable warranty, as determined by the agency head, by the contractor that no person or selling agency has been employed or retained to solicit or secure such contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business, for the breach or violation of which warranty the Government shall have the right to annul such contract without liability or in its discretion to deduct from the contract price or consideration the full amount of such commission, percentage, brokerage, or contingent fee.

Types of contracts.

Warranty.

(b) The cost-plus-a-percentage-of-cost system of contracting shall not be used, and in the case of a cost-plus-a-fixed-fee contract the fee shall not exceed 10 per centum of the estimated cost of the contract, exclusive of the fee, as determined by the agency head at the time of entering into such contract (except that a fee not in excess of 15 per centum of such estimated cost is authorized in any such contract for experimental, developmental, or research work and that a fee inclusive of the contractor's costs and not in excess of 6 per centum of the estimated cost, exclusive of fees, as determined by the agency head at the time of entering into the contract, of the project to which such fee is applicable is authorized in contracts for architectural or engineering services relating to any public works or utility project). Neither a cost nor a cost-plus-a-fixed-fee contract nor an incentive-type contract shall be used unless the agency head determines that such method of contracting is likely to be less costly than other methods or that it is impractical to secure supplies or services of the kind or quality required without the use of a cost or cost-plus-a-fixed-fee contract or an incentive-type contract. All cost and cost-plus-a-fixed-fee contracts shall provide for advance notification by the contractor to the procuring agency of any subcontract thereunder on a cost-plus-a-fixed-fee basis and of any fixed-price subcontract or purchase order which exceeds in dollar amount either $25,000 or 5 per centum of the total estimated cost of the prime contract; and a procuring agency, through any authorized representative thereof, shall have the right to inspect the plants and to audit the books and records of any prime contractor or subcontractor engaged in the performance of a cost or cost-plus-a-fixed-fee contract.

SEC. 5. (a) The agency head may make advance payments under negotiated contracts heretofore or hereafter executed in any amount not exceeding the contract price upon such terms as the parties shall agree: *Provided*, That advance payments shall be made only upon adequate security and if the agency head determines that provision for such advance payments is in the public interest or in the interest of the national defense and is necessary and appropriate in order to procure required supplies or services under the contract.

Advance payments.

Restriction.

Lien in favor of Government.

(b) The terms governing advance payments may include as security provision for, and upon inclusion of such provision there shall thereby be created, a lien in favor of the Government, paramount to all other liens, upon the supplies contracted for, upon the credit balance in any special account in which such payments may be deposited and upon such of the material and other property acquired for performance of the contract as the parties shall agree.

Liquidated damages.

SEC. 6. Whenever any contract made on behalf of the Government by the agency head or by officers authorized by him so to do includes a provision for liquidated damages for delay, the Comptroller General on the recommendation of the agency head is authorized and empowered to remit the whole or any part of such damages as in his discretion may be just and equitable.

Determinations by agency head.

SEC. 7. (a) The determinations and decisions provided in this Act to be made by the agency head may be made with respect to individual purchases and contracts or with respect to classes of purchases or contracts, and shall be final. A copy of the findings shall be submitted to the General Accounting Office with the contract.

Preservation of data.

Ante, p. 21.

[CHAPTER 66]

AN ACT

February 19, 1948
[H. R. 1634]
[Public Law 414]

To amend section 1, and provisions (6), (7), and (8) of section 3, and provision (3) of section 4 of chapter V of the Act of June 19, 1934, entitled "An Act to regulate the business of life insurance in the District of Columbia", and to add sections 5a, 5b, and 5c thereto.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 1 of chapter V of the Act of June 19, 1934, entitled "An Act to regulate the business of life insurance in the District of Columbia", be amended to read as follows:

Life insurance, D. C.
48 Stat. 1156.
D. C. Code § 35-701.

"SECTION 1. SUPERINTENDENT TO VALUE POLICIES; LEGAL STANDARD OF VALUATION.—(a) The Superintendent shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life-insurance policies and annuity and pure endowment contracts of every life-insurance company doing business in the District except that in the case of an alien company such valuation shall be limited to its insurance transactions in the United States, and may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest and methods (net level premium method or other) used in the calculation of such reserves. All such valuations made by him or by his authority, shall be made upon the net premium basis. In calculating such reserves, he may use group methods and approximate averages for fractions of a year or otherwise. In lieu of the valuation of the reserves herein required of any foreign or alien company, he may accept any valuation made, or caused to be made, by the insurance supervisory official of any State or other jurisdiction when such valuation complies with the minimum standard herein provided and if the official of such State or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the Superintendent when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that State or jurisdiction.

Annual valuation of reserve liabilities.

Basis.

Valuations made by States, etc.

"Any such company which at any time shall have adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the Superintendent, adopt any lower standard of valuation, but not lower than the minimum herein provided.

"(b) This subsection shall apply to only those policies and contracts issued prior to the operative date of section 5b (the standard nonforfeiture law) of this chapter.

Post, p. 31.

"The legal minimum standard for the valuation of life-insurance contracts issued before January 1, 1935, shall be the method and basis of valuation heretofore applied by the Superintendent in the valuation of such contracts, and for life-insurance contracts issued on and after said date shall be the one-year preliminary term method of valuation, except as hereinafter modified, on the basis of the American Experience Table of Mortality with interest at 3½ per centum per annum: *Provided*, That any life company may, at its option, value its insurance contracts issued on and after January 1, 1935, in accordance with their terms on the basis of the American Men Ultimate Table of Mortality with interest not higher than 3½ per centum per annum by the level net premium method or by the modified preliminary term method hereinafter described.

Valuation of life-insurance contracts.

"If the premium charged for term insurance under a limited payment life preliminary term policy providing for the payment of all premiums thereon in less than twenty years from date of the policy,

Premium payment.

Reserves.

or under an endowment preliminary term policy, exceeds that charged for like insurance under twenty payment life preliminary term policies of the same company, the reserve thereon at the end of the year, including the first, shall not be less than the reserve on a twenty payment life preliminary term policy issued in the same year and at the same age, together with an amount which shall be equivalent to the accumulation of a net level premium sufficient to provide for a pure endowment at the end of the premium payment period, equal to the difference between the value at the end of such period of such a twenty payment life preliminary term policy and the full net level premium reserve at such time of such a limited payment life or endowment policy. The premium payment period is the period during which premiums are concurrently payable under such twenty payment life preliminary term policy and such limited payment life or endowment policy.

Premium payment period.

Preliminary term method.

"Policies issued on the preliminary term method shall contain a clause specifying that the reserve thereof shall be computed in accordance with the modified preliminary term method of valuation provided for herein.

Valuation of annuities.

"The legal minimum standard for the valuation of annuities issued on and after January 1, 1935, shall be McClintock's Table of Mortality Among Annuitants, with interest at 4 per centum per annum, but annuities deferred ten or more years and written in connection with life insurance shall be valued on the same basis as that used in computing the consideration or premium therefor, or upon any higher standard at the option of the company.

Valuation of industrial policies.

"The legal minimum standard for the valuation of industrial policies issued after January 1, 1935, shall be the American Experience Table of Mortality with interest at 3½ per centum per annum: *Provided*, That any life company may voluntarily value its industrial policies on the basis of the standard industrial mortality table or the substandard industrial mortality table by the level net premium method or in accordance with their terms by the modified preliminary term method hereinbefore described.

Variation of standards.

"The Superintendent may vary the standards of interest and mortality in the case of alien companies as to contracts issued by such companies in other countries than the United States, and in particular cases of invalid lives and other extra hazards.

"Reserves for all such policies and contracts may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this subsection.

Post, p. 31.

"(c) This subsection shall apply to only those policies and contracts issued on or after the operative date of section 5B (the standard nonforfeiture law) of this chapter.

Minimum standards for valuation.

"(1) The minimum standard for the valuation of all such policies and contracts shall be the Commissioners reserve valuation method defined in paragraph (2), 3½ per centum interest, and the following tables:

"(i) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, the Commissioners 1941 Standard Ordinary Mortality Table.

"(ii) For all industrial life-insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies, the 1941 Standard Industrial Mortality Table.

"(iii) For annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the 1937 Standard Annuity Mortality Table.

"(iv) For total and permanent disability benefits in or supplementary to ordinary policies or contracts, class (3) Disability Table (1926)

which, for active lives, shall be combined with a mortality table permitted for calculating the reserves for life-insurance policies.

"(v) For accidental death benefits in or supplementary to policies, the Intercompany Double Indemnity Mortality Table combined with a mortality table permitted for calculating the reserves for life-insurance policies.

"(vi) For group life insurance, life insurance issued on the substandard basis and other special benefits, such tables as may be approved by the Superintendent.

Reserves.

"(2) Reserves according to the Commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (A) over (B), as follows:

Modified net premiums.

"(A) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due: *Provided, however*, That such net level annual premium shall not exceed the net level annual premium on the nineteen year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

"(B) A net one-year term premium for such benefits provided for in the first policy year.

Calculation of reserves.

"Reserves according to the Commissioners reserve valuation method for (i) life-insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (ii) annuity and pure endowment contracts, (iii) disability and accidental death benefits in all policies and contracts, and (iv) all other benefits, except life insurance and endowment benefits in life-insurance policies, shall be calculated by a method consistent with the principles of this paragraph (2).

"(3) In no event shall a company's aggregate reserves for all life-insurance policies, excluding disability and accidental death benefits, be less than the aggregate reserves calculated in accordance with the method set forth in paragraph (2) and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

Optional standards.

"(4) Reserves for any category of policies, contracts, or benefits as established by the Superintendent, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein: *Provided, however*, That reserves for participating life-insurance policies may, with the consent of the Superintendent, be calculated according to a rate of interest lower than the rate of interest used in calculating the nonforfeiture benefits in such policies, with the further proviso that if such lower rate differs from the rate used in the calculation of the nonforfeiture benefits by more than one-half per centum the company issuing such policies shall file with

This provision shall not be required in term insurance, nor shall it apply to temporary insurance or pure endowment insurance, issued or granted in exchange for lapsed or surrendered policies. The policy may further provide that if the interest on the loan is not paid when due it shall be added to the existing loan and shall bear interest at the same rate.

A provision may also be inserted in the policy that in event of default in a premium payment before such benefit becomes available, the reserve on any dividend additions then in force may at the option of the company be paid in cash or applied as a net premium to the purchase of paid-up term insurance for any amount not in excess of the face of the original policy. This section shall not apply to term insurance of twenty years or less. The net single premium rate employed in computing the term of temporary insurance or the amount of pure endowment insurance granted as a nonforfeiture value under any life-insurance policy may at the option of the company be based upon a table of mortality showing rates of mortality not greater than 130 per centum of those shown by the American Men Ultimate Table of Mortality instead of the table used in computing the reserve on the policy, or in case of substandard policies not greater than 130 per centum of the rates of mortality shown by the table of mortality approved by the Superintendent for computing the reserve on the policy, anything herein to the contrary notwithstanding.

"SEC. 5b. STANDARD NONFORFEITURE LAW.—(a) In the case of policies issued on or after the operative date of this section, as defined in subsection (g) no policy of life insurance, except as stated in subsection (f), shall be issued or delivered in the District of Columbia unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the Superintendent are at least as favorable to the defaulting or surrendering policyholder—

Post, p. 34.

Post, p. 33.

"(1) that, in event of default in any premium payment after premiums have been paid one full year in the case of ordinary insurance or three full years in the case of industrial insurance, the company will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such value as may be hereinafter specified;

Paid-up nonforfeiture benefit.

"(2) that, upon surrender of the policy within sixty days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance or five full years in the case of industrial insurance, the company will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified;

Cash surrender value.

"(3) that a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty days after the due date of the premium in default.

"(4) that, if the policy shall become paid up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within thirty days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified;

Statement of table and interest rate used.

"(5) a statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary either during the first twenty policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy;

Statement of calculation method.

"(6) a brief and general statement of the method to be used in calculating the cash surrender value and the paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy, with an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy.

Nonapplicability.

"Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

Deferred payment.

"The company shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy.

Cash surrender value.

"(b) Any cash surrender value available under any policy referred to in subsection (a) in the event of default in a premium payment due on any policy anniversary, whether or not required by subsection (a), shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of (i) the then present value of the adjusted premiums as defined in subsection (d), corresponding to premiums which would have fallen due on and after such anniversary, and (ii) the amount of any indebtedness to the company on the policy. Any cash surrender value available within thirty days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by subsection (a), shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the company on the policy.

Ante, p. 31.

Nonforfeiture benefit.

"(c) Any paid-up nonforfeiture benefit available under any policy referred to in subsection (a), in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would have been required by this section in the absence of the condition that premiums shall have been paid for at least a specified period.

Ante, p. 31.

Adjusted premiums.

"(d) The adjusted premiums for any policy referred to in subsection (a) shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts stated in the policy as extra premiums to cover impairments or special hazards, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) 2 per centum of

Ante, p. 31.

the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (iii) 40 per centum of the adjusted premium for the first policy year; (iv) 25 per centum of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less: *Provided, however*, That in applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed 4 per centum of the amount of insurance or level amount equivalent thereto.

Restriction.

"In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent level amount thereof for the purpose of this subsection shall be deemed to be the level amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy.

"All adjusted premiums and present values referred to in this section shall be calculated on the basis of the Commissioners 1941 Standard Ordinary Mortality Table for Ordinary Insurance and the 1941 Standard Industrial Mortality Table for Industrial Insurance and the rate of interest, not exceeding 3½ per centum per annum, specified in the policy for calculating cash surrender values, if any, and paid-up nonforfeiture benefits: *Provided, however*, That in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than 130 per centum of the rates of mortality according to such applicable table: *Provided, further*, That for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the Superintendent.

Rates of mortality.

Substandard basis.

"(e) Any cash surrender value and any paid-up nonforfeiture benefit, available under any such policy in the event of default in the payment of any premium due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in subsections (b), (c), and (d) may be calculated upon the assumption that any death benefit is payable at the end of the policy or contract year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the dividends used to provide such additions. Notwithstanding the provisions of subsection (b), additional benefits payable (i) in the event of death or dismemberment by accident or accidental means, (ii) in the event of total and permanent disability, (iii) as reversionary annuity or deferred reversionary annuity benefits, (iv) as decreasing term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply, and (v) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.

Election of compliance by company.

"(g) After the effective date of this Act, any company may file with the Superintendent a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1950. After the filing of such notice, then upon such specified date (which shall be the operative date for such company), this section shall become operative with respect to the policies and contracts thereafter issued by such company. Such numbers shall be determined after considering the anticipated needs of the Service during the fiscal year, the funds available, the number of officers in each grade at the beginning of the fiscal year, and the anticipated appointments, the anticipated promotions based on years of service, and the anticipated retirements during the fiscal year. The number so determined for any grade for a fiscal year may not exceed the number limitation (if any) contained in the appropriation Act or Acts for such year. Such regulations for each fiscal year shall be prescribed as promptly as possible after the appropriation Act fixing the authorized strength of the corps for that year, and shall be

Each category shall, as far as practicable, be based upon one of the subjects of examination set forth in section 207 (a) (1) or upon a subdivision of such subject, and the categories shall be designed to group officers by fields of training in such manner that officers in any one grade in any one category will be available for similar duty in the discharge of the several functions of the Service.

For purposes of this subsection, an officer who has been temporarily promoted or who is temporarily holding the grade of director in accordance with section 206 (c) shall be deemed to hold the grade to which so promoted or which he is temporarily holding; but while he holds such promotion or grade, and while any officer is temporarily assigned to a position pursuant to section 205 (c), the number fixed under subsection (c) of this section for the grade of his permanent rank shall be reduced by one.

Promotions up to and including director grade.

SEC. 6. (a) Section 210 of such Act is amended to read:

"SEC. 210. (a) Promotions of officers of the Regular Corps to any grade up to and including the director grade shall be either permanent promotions based on length of service, other permanent promotions to fill vacancies, or temporary promotions. Permanent promotions shall be made by the President, by and with the advice and consent of the Senate, and temporary promotions shall be made by the President. Each permanent promotion shall be to the next higher grade, and shall be made only after examination given in accordance with regulations of the President.

"Restricted grade."

"(b) The President may by regulation provide that in a specified professional category permanent promotions to the senior grade, or

to both the full grade and the senior grade, shall be made only if there are vacancies in such grade. A grade in any category with respect to which such regulations have been issued is referred to in this section as a 'restricted grade'.

Examinations.

"(c) Examinations to determine qualification for permanent promotions may be either noncompetitive or competitive, as the Surgeon General shall in each case determine; except that examinations for promotions to the assistant or senior assistant grade shall in all cases be noncompetitive. The officers to be examined shall be selected by the Surgeon General from the professional category, and in the order of seniority in the grade, from which promotion is to be recommended. In the case of a competitive examination the Surgeon General shall determine in advance of the examination the number (which may be one or more) of officers who, after passing the examination, will be recommended to the President for promotion; but if the examination is one for promotions based on length of service, or is one for promotions to fill vacancies other than vacancies in the director grade or in a restricted grade, such number shall not be less than 80 per centum of the number of officers to be examined.

Recommendation for promotion.

Permanent promotions.
Supra.

"(d) Officers of the Regular Corps, found pursuant to subsection (c) to be qualified, shall be given permanent promotions based on length of service, as follows:

"(1) Officers in the junior assistant grade shall be promoted at such times as may be prescribed in regulations of the President.

Officers with permanent rank.
Ante, p. 42.

"(2) Officers with permanent rank in the assistant grade, the senior assistant grade, and the full grade shall (except as provided in regulations under subsection (b)) be promoted after completion of three, ten, and seventeen years, respectively, of service in grades above the junior assistant grade; and such promotions, when made, shall be effective, for purposes of pay and pay period and for purposes of seniority in grade, as of the day following the completion of such years of service. An officer with permanent rank in the assistant, senior assistant, or full grade who has not completed such years of service shall be promoted at the same time, and his promotion shall be effective as of the same day, as any officer junior to him in the same grade in the same professional category who is promoted under this paragraph.

Officers in professional category.
Supra.

"(e) Officers in a professional category of the Regular Corps, found pursuant to subsection (c) to be qualified, may be given permanent promotions to fill any or all vacancies in such category in the senior assistant grade, the full grade, the senior grade, or the director grade; but no officer who has not had one year of service with permanent or temporary rank in the next lower grade shall be promoted to any restricted grade or to the director grade.

Failure to receive promotion.
Supra.

"(f) If an officer who has completed the years of service required for promotion to a grade under paragraph (2) of subsection (d) fails to receive such promotion, he shall (unless he has already been twice examined for promotion to such grade) be once reexamined for promotion to such grade. If he is thereupon promoted (otherwise than under subsection (e)), the effective date of such promotion shall be one year later than it would have been but for such failure. Upon the effective date of any permanent promotion of such officer to such grade, he shall be considered as having had only the length of service required for such promotion which he previously failed to receive.

Separation from Service.
Supra.

"(g) If, for reasons other than physical disability incurred in line of duty, an officer of the Regular Corps in the junior assistant grade is found pursuant to subsection (c) not to be qualified for promotion he shall be separated from the Service. If, for reasons other than physical disability incurred in line of duty, an officer of the Regular

Corps in the assistant, senior assistant, or full grade, after having been twice examined for promotion (other than promotion to a restricted grade), fails to be promoted—

"(1) if in the assistant grade he shall be separated from the Service and paid six months' pay and allowances;

"(2) if in the senior assistant grade he shall be separated from the Service and paid one year's pay and allowances;

"(3) if in the full grade he shall be considered as not in line for promotion and shall, at such time thereafter as the Surgeon General may determine, be retired from the Service with retired pay (unless he is entitled to a greater amount by reason of another provision of law) at the rate of 2½ per centum of his active duty pay at the time of retirement for each complete year, not in excess of thirty, of his active commissioned service in the Service.

Refusal to take examination.

"(h) If an officer of the Regular Corps, eligible to take an examination for promotion, refuses to take such examination, he may be separated from the Service in accordance with regulations of the President.

Review of officer's record.

"(i) At the end of his first three years of service, the record of each officer of the Regular Corps originally appointed to the senior assistant grade or above, shall be reviewed in accordance with regulations of the President and, if found not qualified for further service, he shall be separated from the Service and paid six months' pay and allowances.

Order of seniority.

"(j) (1) The order of seniority of officers in a grade in the Regular Corps shall be determined, subject to the provisions of pargaraph (2), by the relative length of time spent in active service after the effective date of each such officer's original appointment or permanent promotion to that grade. When permanent promotions of two or more officers to the same grade are effective on the same day, their relative seniority shall be the same as it was in the grade from which promoted. In all other cases of original appointments or permanent promotions (or both) to the same grade effective on the same day, relative seniority shall be determined in accordance with regulations of the President.

Credit for active service in Reserve Corps.

"(2) In the case of an officer originally appointed in the Regular Corps to the grade of assistant or above, his seniority in the grade to which appointed shall be determined after inclusion, as service in such grade, of any active service in such grade or in any higher grade in the Reserve Corps, but (if the appointment is to the grade of senior assistant or above) only to the extent of whichever of the following is greater: (A) His active service in such grade or any higher grade in the Reserve Corps after the first day on which, under regulations in effect on the date of his appointment to the Regular Corps, he had the training and experience necessary for such appointment, or (B) the excess of his total active service in the Reserve Corps (above the grade of junior assistant) over three years if his appointment in the Regular Corps is to the senior assistant grade, over ten years if the appointment is to the full grade, or over seventeen years if the appointment is to the senior grade.

Temporary promotions.

"(k) Any commissioned officer of the Regular Corps in any grade in any professional category may be recommended to the President for temporary promotion to fill a vacancy in any higher grade in such category, up to and including the director grade. In time of war, or of national emergency proclaimed by the President, any commissioned officer of the Regular Corps in any grade in any professional category may be recommended to the President for promotion to any higher grade in such category, up to and including the director grade, whether or not a vacancy exists in such grade. The selection of officers to be recommended for temporary promotions shall be made in accordance with regulations of the President. Promotion of an

officer recommended pursuant to this subsection may be made without regard to length of service, without examination, and without vacating his permanent appointment, and shall carry with it the pay and allowances of the grade to which promoted. Such promotions may be terminated at any time, as may be directed by the President.

Number exceeding authorized strength.

"(l) Whenever the number of officers of the Regular Corps on active duty, plus the number of officers of the Reserve Corps who have been on active duty for thirty days or more, exceeds the authorized strength of the Regular Corps, the Administrator shall determine the requirements of the Service in each grade in each category, based upon the total number of officers so serving on active duty and the tasks being performed by the Service; and the Surgeon General shall thereupon assign each officer of the Reserve Corps on active duty to a professional category. If the Administrator finds that the number of officers fixed under section 209 (c) for any grade and category (or the number of officers, including officers of the Reserve Corps, on active duty in such grade in such category, if such number is greater than the number fixed under section 209 (c)) is insufficient to meet such requirements of the Service, officers of either the Regular Corps or the Reserve Corps may be recommended for temporary promotion to such grade in such category. Any such promotion may be terminated at any time, as may be directed by the President.

Ante, p. 42.

Acceptance of promotion.

"(m) Any officer of the Regular Corps, or any officer of the Reserve Corps on active duty, who is promoted to a higher grade shall, unless he expressly declines such promotion, be deemed for all purposes to have accepted such promotion; and shall not be required to renew his oath of office, or to execute a new affidavit as required by the Act of December 11, 1926, as amended (5 U. S. C. 21a)."

44 Stat. 918.

(b) Except as provided in subsection (d) of this section, no promotion shall be made under section 210 of the Public Health Service Act, as amended by this Act, prior to July 1, 1948. Until that date officers of the Regular Corps may receive temporary promotions to higher grades with the pay and allowances thereof pursuant to section 210 (a) (1) of the Public Health Service Act, in force prior to the enactment of this Act, notwithstanding the termination, prior to such date, of the war and of the national emergencies proclaimed by the President. Any officer holding, on June 30, 1948, an appointment pursuant to such section to a higher temporary grade shall continue in such grade until such appointment is terminated, as the President may direct.

be required to fill vacancies. Nothing in the foregoing provisions shall require the reappointment of present members of local advisory boards, but any change in the membership of any local advisory board necessitated by this provision shall be effectuated as promptly as may be practicable. Each such board shall have sufficient members to enable it promptly to consider individual adjustment cases coming before it on which the board shall make recommendations to the officials administering this title within its area; and before recommending any such adjustment the board shall give notice to the parties and shall hold a hearing at the request of either party. Any local board may make such recommendations to the Housing Expediter as it deems advisable with respect to the following matters:

Removal of maximum rents.

"(A) Removal of any or all maximum rents in the area, or any portion thereof, over which the local board has jurisdiction, or with respect to any class of housing accommodations within such area or any portion thereof, if in the judgment of the local board the need for continuing maximum rents in such area or portion thereof or with respect to such class of housing accommodations no longer exists, due to sufficient construction of new housing accommodations or when the demand for rental housing accommodations has been otherwise reasonably met; and

Adjustments.

"(B) Adjustments, other than individual adjustments, in maximum rents in such area or any portion thereof or with respect to any class of housing accommodations within such area or any portion thereof, deemed by the local board to be necessary to remove hardships or to correct other inequities, or further to carry out the purposes and provisions of this title; and

Hardship cases.

"(C) Operations generally of the local rent office with particular reference to hardship cases.

Office space, etc.

"(2) The Housing Expediter shall furnish the local boards suitable office space and stenographic assistance and shall make available to such boards any records and other information in the possession of the Housing Expediter with respect to the establishment and maintenance of maximum rents and housing accommodations in the respective defense-rental areas which may be requested by such boards.

Approval of recommendations.

"(3) Upon receipt of any recommendation from a local board, the Housing Expediter shall promptly notify the local board, in writing, of the date of his receipt of such recommendation. Except as provided hereinafter in this subsection, within thirty days after receipt of any recommendation of a local board such recommendation shall be approved or disapproved or the local board shall be notified in writing of the reasons why final action cannot be taken in thirty days. Any recommendation of a local board appropriately substantiated and in accordance with applicable law and regulations shall be approved and appropriate action shall promptly be taken to carry such recommendation into effect.

Supra.

"(4) For the purposes of paragraph (3) any recommendation of a local board as to a matter referred to in paragraph (1) (A) or (B) shall be deemed to be appropriately substantiated and in accordance with applicable law and regulations, and shall be carried into effect as hereinafter provided—

Effecting of recommendations.

"(A) if the local board held a public hearing on such matter, at which interested persons (including representatives of the State and of political subdivisions thereof) were given a reasonable opportunity to be heard, by interpleader or otherwise, with right to be represented by counsel;

"(B) if notice of the date, time, place, and purpose of such hearing was given (i) in writing to the Governor of the State not less than fifteen days prior to such date, and (ii) by publication in a newspaper of general circulation in the area over which the

local board has jurisdiction at least fifteen days prior to such date, and a second notice was given by publication in such a newspaper at least five days prior to such date;

"(C) if a copy of the local board's recommendation was filed with the Governor of the State within five days after such recommendation was mailed to the Housing Expediter;

"(D) if a record is made of the evidence adduced at the public hearing held by the local board, and the local board certifies and transmits to the Housing Expediter, with such recommendation, a transcript of such record, or of those parts of such record, upon which its recommendation is based and a written statement of its findings made upon the basis of such record; and

"(E) if the record so certified and transmitted to the Housing Expediter contains adequate and substantial evidence to support the findings and recommendation of the local board.

Filing of recommendation in Emergency Court of Appeals.

If the Housing Expediter does not approve such recommendation within thirty days after the date of its receipt by him, he shall, within five days after the expiration of such thirty-day period, file such recommendation in the Emergency Court of Appeals, together with the record and statement of findings of the local board and such statement as the Housing Expediter may desire to make as to his views on the matter. The statement of the Housing Expediter may be accompanied by such supporting information as the Housing Expediter deems appropriate. Thereupon the Emergency Court of Appeals shall have jurisdiction to enter, within thirty days after the date of its receipt of such recommendation from the Housing Expediter (or within such additional period of not more than thirty days as the court may find necessary in exceptional cases), an order approving or disapproving the recommendation of the local board. The recommendation, record, and statement of findings of the local board, together with the statement and supporting information filed by the Housing Expediter, shall constitute the record before the court. If the court determines that the recommendation is not in accordance with law, or that the evidence in the record before the court, including such additional evidence as may be adduced before the court, is not of sufficient weight to justify such recommendation, the court shall enter an order disapproving such recommendation; otherwise it shall enter an order approving such recommendation. The judgment and decree of the court shall be final. The powers heretofore granted by law to the Emergency Court of Appeals are hereby continued for purposes of exercise of the jurisdiction granted by this subsection. The court shall prescribe rules governing its procedure in such manner as to expedite the determination of cases of which it has jurisdiction under this paragraph. The Housing Expediter, the local board, and representatives of the State or States involved, shall be granted, to the extent determined by the court, an opportunity to be heard, by interpleader or otherwise, with right to be represented by counsel.

Finality of decision.

"(5) Any recommendation to which paragraph (4) applies, if an order of disapproval thereof has not been entered by the Emergency Court of Appeals within the time prescribed in such paragraph, shall be carried out by the Housing Expediter—

"(A) if it is with respect to a matter referred to in paragraph (1) (A), so that the decontrol is effected, retroactively if necessary, on the date recommended by the local board, but not before sixty days after the date of the receipt of such recommendation by the Housing Expediter: *Provided*, That during the period of ninety days beginning with the date on which such decontrol is effected, the provisions of section 209 of this title shall be in effect as though such decontrol had not been effected; and

AN ACT

March 31, 1948
[H. R. 5314]
[Public Law 469]

To strengthen national security and the common defense by providing for the maintenance of an adequate domestic rubber-producing industry, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Rubber Act of 1948".

Rubber Act of 1948.

DECLARATION OF POLICY

SEC. 2. It is the policy of the United States that there shall be maintained at all times in the interest of the national security and common defense, in addition to stock piles of natural rubber which are to be acquired, rotated, and retained pursuant to the Strategic and Critical Materials Stock Piling Act (Public Law 520, Seventy-ninth Congress, approved July 23, 1946), a technologically advanced and rapidly expandible rubber-producing industry in the United States of sufficient productive capacity to assure the availability in times of national emergency of adequate supplies of synthetic rubber to meet the essential civilian, military, and naval needs of the country. It is further declared to be the policy of the Congress that the security interests of the United States can and will best be served by the development within the United States of a free, competitive synthetic-rubber industry. In order to strengthen national security through a sound industry it is essential that Government ownership of production facilities, Government production of synthetic rubber, regulations requiring mandatory use of synthetic rubber, and patent pooling be ended and terminated whenever consistent with national security, as provided in this Act.

60 Stat. 596.
50 U. S. C. §§ 98-98h, app. § 1623 (b); Supp. I, § 98 *note*.

AUTHORITY TO EXERCISE CERTAIN CONTROLS OVER NATURAL RUBBER AND SYNTHETIC RUBBER AND PRODUCTS CONTAINING NATURAL AND SYNTHETIC RUBBER

SEC. 3. To effectuate the policies set forth in section 2 of this Act, the President is authorized to exercise allocation, specification, and inventory controls of natural rubber and synthetic rubber, and specification controls of products containing natural rubber and synthetic rubber, notwithstanding any changes in the supply or estimated supply of natural rubber or synthetic rubber; and he shall exercise such controls by issuing such regulations as are required to insure (a) the consumption in the United States of general-purpose synthetic rubber in a specified percentage of the combined total estimated annual consumption of natural rubber and general-purpose synthetic rubber consumed within the United States, and (b) the consumption in the United States of any or all types of special-purpose synthetic rubber in specified percentages of the combined total estimated annual consumption of natural rubber, general-purpose synthetic rubber, and special-purpose synthetic rubber consumed within the United States. Such percentages shall be established so as to assure the production and consumption of general-purpose synthetic rubber and special-purpose synthetic rubber in quantities determined by the President to be necessary to carry out the policy of section 2 of this Act, and the provisions of Public Law 520, Seventy-ninth Congress, approved July 23, 1946: *Provided*, That the minimum percentages established by the President shall result in a total annual tonnage consumption of synthetic rubber of at least the amounts specified in section 5 (d) of this Act, and that any mandatory consumption in excess of the quantities specified in section 5 (d) of this Act shall not be more than is deemed by the President to be necessary in the interest of national security and the common defense.

(e) The facilities to be maintained in operation by the Government and those to be maintained in adequate stand-by condition shall be determined from time to time by the President.

S. C. § 812; Supp. I, § 812. *Post*, pp. 121, 1214.

"(e) BEQUESTS, ETC., TO SURVIVING SPOUSE.—

"(1) ALLOWANCE OF MARITAL DEDUCTION.—

"(A) In General.—An amount equal to the value of any interest in property which passes or has passed from the decedent to his surviving spouse, but only to the extent that such interest is included in determining the value of the gross estate.

"(B) Life Estate or Other Terminable Interest.—Where, upon the lapse of time, upon the occurrence of an event or contingency, or upon the failure of an event or contingency to occur, such interest passing to the surviving spouse will terminate or fail, no deduction shall be allowed with respect to such interest—

"(i) if an interest in such property passes or has passed (for less than an adequate and full consideration in money or money's worth) from the decedent to any person other than such surviving spouse (or the estate of such spouse); and

"(ii) if by reason of such passing such person (or his heirs or assigns) may possess or enjoy any part of such property after such termination or failure of the interest so passing to the surviving spouse;

and no deduction shall be allowed with respect to such interest (even if such deduction is not disallowed under clauses (i) and (ii))—

"(iii) if such interest is to be acquired for the surviving spouse, pursuant to directions of the decedent, by his executor or by the trustee of a trust.

For the purposes of this subparagraph, an interest shall not be considered as an interest which will terminate or fail merely because it is the ownership of a bond, note, or similar contractual obligation, the discharge of which would not have the effect of an annuity for life or for a term.

"(C) Interest In Unidentified Assets.—Where the assets (included in the decedent's gross estate) out of which, or the proceeds of which, an interest passing to the surviving spouse may be satisfied include a particular asset or assets with respect to which no deduction would be allowed if such asset or assets passed from the decedent to such spouse, then the value of such interest passing to such spouse shall, for the purposes of subparagraph (A), be reduced by the aggregate value of such particular assets.

"(D) Interest of Spouse Conditional on Survival For Limited Period.—For the purposes of subparagraph (B) an interest passing to the surviving spouse shall not be considered as

an interest which will terminate or fail upon the death of such spouse if—

"(i) such death will cause a termination or failure of such interest only if it occurs within a period not exceeding six months after the decedent's death, or only if it occurs as a result of a common disaster resulting in the death of the decedent and the surviving spouse, or only if it occurs in the case of either such event; and

"(ii) such termination or failure does not in fact occur.

"(E) Valuation Of Interest Passing To Surviving Spouse.—In determining for the purposes of subparagraph (A) the value of any interest in property passing to the surviving spouse for which a deduction is allowed by this subsection—

"(i) there shall be taken into account the effect which a tax imposed by this chapter, or any estate, succession, legacy, or inheritance tax, has upon the net value to the surviving spouse of such interest; and

"(ii) where such interest or property is incumbered in any manner, or where the surviving spouse incurs any obligation imposed by the decedent with respect to the passing of such interest, such incumbrance or obligation shall be taken into account in the same manner as if the amount of a gift to such spouse of such interest were being determined.

"(F) Trust With Power Of Appointment In Surviving Spouse.—In the case of an interest in property passing from the decedent in trust, if under the terms of the trust his surviving spouse is entitled for life to all the income from the corpus of the trust, payable annually or at more frequent intervals, with power in the surviving spouse to appoint the entire corpus free of the trust (exercisable in favor of such surviving spouse, or of the estate of such surviving spouse, or in favor of either, whether or not in each case the power is exercisable in favor of others), and with no power in any other person to appoint any part of the corpus to any person other than the surviving spouse—

"(i) the interest so passing shall, for the purposes of subparagraph (A), be considered as passing to the surviving spouse, and

"(ii) no part of the interest so passing shall, for the purposes of subparagraph (B) (i), be considered as passing to any person other than the surviving spouse.

This subparagraph shall be applicable only if, under the terms of the trust, such power in the surviving spouse to appoint the corpus, whether exercisable by will or during life, is exercisable by such spouse alone and in all events.

"(G) Life Insurance With Power of Appointment in Surviving Spouse.—In the case of proceeds of insurance upon the life of the decedent receivable in annual or more frequent installments commencing within one year after the decedent's death, if under the terms of the policy all amounts payable during the life of the surviving spouse are payable only to such spouse, and if such spouse has the power to appoint all amounts payable after such spouse's death (exercisable in

favor of the estate of such spouse, whether or not the power is exercisable in favor of others)—

"(i) such proceeds shall, for the purposes of subparagraph (A), be considered as passing to the surviving spouse, and *Ante*, p. 117.

"(ii) no part of such proceeds shall, for the purposes of subparagraph (B) (i), be considered as passing to any person other than the surviving spouse. *Ante*, p. 117.

This subparagraph shall be applicable only if, under the terms of the policy, such power in the surviving spouse to appoint, whether exercisable by will or during life, is exercisable by such spouse alone and in all events.

"(H) Limitation On Aggregate Of Deductions.—The aggregate amount of the deductions allowed under this paragraph (computed without regard to this subparagraph) shall not exceed 50 per centum of the value of the adjusted gross estate, as defined in paragraph (2). *Infra.*

"(2) COMPUTATION OF ADJUSTED GROSS ESTATE.—

"(A) General Rule.—Except as provided in subparagraph (B) of this paragraph the adjusted gross estate shall, for the purposes of paragraph (1) (H), be computed by subtracting from the entire value of the gross estate the aggregate amount of the deductions allowed by subsection (b) of this section. *Supra.* 53 Stat. 123. 26 U. S. C. § 812 (b).

"(B) Special Rule In Cases Involving Community Property.—If the decedent and his surviving spouse at any time held property as community property under the law of any State, Territory, or possession of the United States, or of any foreign country, then the adjusted gross estate shall, for the purposes of paragraph (1) (H), be determined by subtracting from the entire value of the gross estate the sum of:

"(i) the value of property which is at the time of the death of the decedent held as such community property; and

"(ii) the value of property transferred by the decedent during his life, if at the time of such transfer the property was held as such community property; and

"(iii) the amount receivable as insurance under policies upon the life of the decedent to the extent purchased with premiums or other consideration paid out of property held as such community property; and

"(iv) an amount which bears the same ratio to the aggregate of the deductions allowed under subsection (b) of this section which the value of the property included in the gross estate, diminished by the amount subtracted under clauses (i), (ii), and (iii) of this subparagraph, bears to the entire value of the gross estate.

For the purposes of clauses (i), (ii), and (iii) community property (except property which is considered as community property solely by reason of the provisions of subparagraph (C) of this paragraph) shall be considered as not 'held as such community property' as of any moment of time, if, in case of the death of the decedent at such moment, such property (and not merely one-half thereof) would be or would have been includible in determining the value of his gross estate without regard to the provisions of section 811 (e) (2). The amount 56 Stat. 942. 26 U. S. C. § 811 (e) (2). *Ante*, p. 116.

to be subtracted under clause (i), (ii), or (iii) shall not exceed the value of the interest in the property described therein which is included in determining the value of the gross estate.

"(C) Same—Conversion Into Separate Property.—

"(i) If during the calendar year 1942 or after the date of the enactment of the Revenue Act of 1948, property held as such community property (unless considered by reason of subparagraph (B) of this paragraph as not so held) was by the decedent and the surviving spouse converted, by one transaction or a series of transactions, into separate property of the decedent and his spouse (including any form of co-ownership by them), the separate property so acquired by the decedent and any property acquired at any time by the decedent in exchange therefor (by one exchange or a series of exchanges) shall, for the purposes of clauses (i), (ii), and (iii) of subparagraph (B), be considered as 'held as such community property'.

Ante, p. 119.

Ante, p. 119.

"(ii) Where the value (at the time of such conversion) of the separate property so acquired by the decedent exceeded the value (at such time) of the separate property so acquired by the decedent's spouse, the rule in clause (i) shall be applied only with respect to the same portion of such separate property of the decedent as the portion which the value (as of such time) of such separate property so acquired by the decedent's spouse is of the value (as of such time) of the separate property so acquired by the decedent.

"(3) DEFINITION.—For the purposes of this subsection an interest in property shall be considered as passing from the decedent to any person if and only if—

"(A) such interest is bequeathed or devised to such person by the decedent; or

"(B) such interest is inherited by such person from the decedent; or

"(C) such interest is the dower or curtesy interest (or statutory interest in lieu thereof) of such person as surviving spouse of the decedent; or

"(D) such interest has been transferred to such person by the decedent at any time; or

"(E) such interest was, at the time of the decedent's death, held by such person and the decedent (or by them and any other person) in joint ownership with right of survivorship; or

Section 1004 (a) of the Internal Revenue Code (relating to deductions in computing net gifts in the case of a citizen or resident of the United States) is hereby amended by adding at the end thereof a new paragraph to read as follows:

53 Stat. 147.
26 U. S. C. § 1004 (a); Supp. I, § 1004 (a).

"(3) GIFT TO SPOUSE.—

"(A) In General.—Where the donor transfers during the calendar year (and after the date of the enactment of the Revenue Act of 1948) by gift an interest in property to a donee who at the time of the gift is the donor's spouse—an amount with respect to such interest equal to one-half of its value.

"(B) Life Estate or Other Terminable Interest.—Where, upon the lapse of time, upon the occurrence of an event or contingency, or upon the failure of an event or contingency to occur, such interest transferred to the spouse will terminate or fail, no deduction shall be allowed with respect to such interest—

"(i) if the donor retains in himself, or transfers or has transferred (for less than an adequate and full consideration in money or money's worth) to any person other than such donee spouse (or the estate of such spouse), an interest in such property, and if by reason of such retention or transfer the donor (or his heirs or assigns) or such person (or his heirs or assigns) may possess or enjoy any part of such property after such termination or failure of the interest transferred to the donee spouse; or

"(ii) if the donor immediately after the transfer to the donee spouse has a power to appoint an interest in such property which he can exercise (either alone or in

conjunction with any person) in such manner that the appointee may possess or enjoy any part of such property after such termination or failure of the interest transferred to the donee spouse. For the purposes of this clause the donor shall be considered as having immediately after the transfer to the donee spouse such power to appoint even though such power cannot be exercised until after the lapse of time, upon the occurrence of an event or contingency, or upon the failure of an event or contingency to occur.

An exercise or release at any time by the donor, either alone or in conjunction with any person, of a power to appoint an interest in property, even though not otherwise a transfer, shall, for the purposes of clause (i) of this subparagraph, be considered as a transfer by him. Except as provided in subparagraph (E), where at the time of the transfer it is impossible to ascertain the particular person or persons who may receive from the donor an interest in property so transferred by him, such interest shall, for the purposes of clause (i) of this subparagraph, be considered as transferred to a person other than the donee spouse.

Infra.

"(C) Where the assets out of which, or the proceeds of which, the interest transferred to the donee spouse may be satisfied include a particular asset or assets with respect to which no deduction would be allowed if such asset or assets were transferred from the donor to such spouse, then the value of the interest transferred to such spouse shall, for the purposes of subparagraph (A), be reduced by the aggregate value of such particular assets.

Ante, p. 125.

"(D) Joint Interests.—If the interest is transferred to the donee spouse as sole joint tenant with the donor or as tenant by the entirety, the interest of the donor in the property which exists solely by reason of the possibility that the donor may survive the donee spouse, or that there may occur a severance of the tenancy, shall not be considered for the purposes of subparagraph (B) as an interest retained by the donor in himself.

Ante, p. 125.

"(E) Trust With Power Of Appointment In Donee Spouse.—Where the donor transfers in trust an interest in property, if under the terms of the trust his spouse is entitled for life to all the income from the corpus of the trust, payable annually or at more frequent intervals, with power in the donee spouse to appoint the entire corpus free of the trust (exercisable in favor of such donee spouse, or of the estate of such donee spouse, or in favor of either, whether or not in each case the power is exercisable in favor of others), and with no power in any other person to appoint any part of the corpus to any person other than the donee spouse—

"(i) the interest so transferred in trust shall, for the purposes of subparagraph (A), be considered as transferred to the donee spouse, and

Ante, p. 125.

"(ii) no part of the interest so transferred in trust shall, for the purposes of subparagraph (B) (i), be considered as retained in the donor or transferred to any person other than the donee spouse.

Ante, p. 125.

This subparagraph shall be applicable only if, under the terms of the trust, such power in the donee spouse to appoint the corpus, whether exercisable by will or during life, is exercisable by such spouse alone and in all events.

"(F) Community Property.—

"(i) A deduction otherwise allowable under this paragraph shall be allowed only to the extent that the transfer can be shown to represent a gift of property which is not, at the time of the gift, held as community property under the law of any State, Territory, or possession of the United States, or of any foreign country.

"(ii) For the purposes of clause (i), community property (except property which is considered as community property solely by reason of the provisions of clause (iii)) shall not be considered as 'held as community property' if the entire value of such property (and not merely one-half thereof) is treated as the amount of the gift.

"(iii) If during the calendar year 1942 or after the date of the enactment of the Revenue Act of 1948, property held as such community property (unless considered by reason of clause (ii) as not so held) was by the donor and the donee spouse converted, by one transaction or a series of transactions, into separate property of the donor and such spouse (including any form of co-ownership by them), the separate property so acquired by the donor and any property acquired at any time by the donor in exchange therefor (by one exchange or a series of exchanges) shall, for the purposes of clause (i), be considered as 'held as community property'.

"(iv) Where the value (at the time of such conversion) of the separate property so acquired by the donor exceeded the value (at such time) of the separate property so acquired by such spouse, the rule in clause (iii) shall be applied only with respect to the same portion of such separate property of the donor as the portion which the value (as of such time) of such separate property so acquired by such spouse is of the value (as of such time) of the separate property so acquired by the donor."

Infra.

"(2) MANNER AND TIME OF SIGNIFYING CONSENT.—

"(A) Manner.—A consent under this subsection shall be signified in such manner as is provided under regulations prescribed by the Commissioner with the approval of the Secretary.

"(B) Time.—Such consent may be so signified at any time after the close of the calendar year in which the gift was made, subject to the following limitations—

"(B) shall not exist if the consent was not signified until after such 15th day.

Supra.

"(4) JOINT AND SEVERAL LIABILITY FOR TAX.—If the consent required by paragraph (1) (B) is signified with respect to a gift made in any calendar year the liability with respect to the entire tax imposed by this chapter of each spouse for such year shall be joint and several."

[CHAPTER 169]

AN ACT

April 3, 1948
[S. 2202]
[Public Law 472]

To promote world peace and the general welfare, national interest, and foreign policy of the United States through economic, financial, and other measures necessary to the maintenance of conditions abroad in which free institutions may survive and consistent with the maintenance of the strength and stability of the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Foreign Assistance Act of 1948".

Foreign Assistance Act of 1948.

TITLE I

SEC. 101. This title may be cited as the "Economic Cooperation Act of 1948".

Economic Cooperation Act of 1948.

FINDINGS AND DECLARATION OF POLICY

SEC. 102. (a) Recognizing the intimate economic and other relationships between the United States and the nations of Europe, and recognizing that disruption following in the wake of war is not contained by national frontiers, the Congress finds that the existing situation in Europe endangers the establishment of a lasting peace, the general welfare and national interest of the United States, and the attainment of the objectives of the United Nations. The restoration or maintenance in European countries of principles of individual liberty, free institutions, and genuine independence rests largely upon the establishment of sound economic conditions, stable international economic relationships, and the achievement by the countries of Europe of a healthy economy independent of extraordinary outside assistance. The accomplishment of these objectives calls for a plan of European recovery, open to all such nations which cooperate in such plan, based upon a strong production effort, the expansion of foreign trade, the creation and maintenance of internal financial stability, and the development of economic cooperation, including all possible steps to establish and maintain equitable rates of exchange and to bring about the progressive elimination of trade barriers. Mindful of the advantages which the United States has enjoyed through the existence of a large domestic market with no internal trade barriers, and believing that similar advantages can accrue to the countries of Europe, it is declared to be the policy of the people of the United States to encourage these countries through a joint organization to exert sustained common efforts as set forth in the report of the Committee of European Economic Cooperation signed at Paris on September 22, 1947, which will speedily achieve that economic cooperation in Europe which is essential for lasting peace and prosperity. It is further declared to be the policy of the people of the United States to sustain and strengthen principles of individual liberty, free institutions, and genuine independence in Europe through assistance to those countries of Europe which participate in a joint recovery program based upon self-help and mutual cooperation: *Provided*, That no assistance to the participating countries herein contemplated shall seriously impair the economic stability of the United States. It is further declared to be the policy of the United States that continuity of assistance provided by the United States should, at all times, be dependent upon continuity of cooperation among countries participating in the program.

PURPOSES OF TITLE

(b) It is the purpose of this title to effectuate the policy set forth in subsection (a) of this section by furnishing material and financial

assistance to the participating countries in such a manner as to aid them, through their own individual and concerted efforts, to become independent of extraordinary outside economic assistance within the period of operations under this title, by—

(1) promoting industrial and agricultural production in the participating countries;

(2) furthering the restoration or maintenance of the soundness of European currencies, budgets, and finances; and

(3) facilitating and stimulating the growth of international trade of participating countries with one another and with other countries by appropriate measures including reduction of barriers which may hamper such trade.

PARTICIPATING COUNTRIES

"Participating country."

SEC. 103. (a) As used in this title, the term "participating country" means—

(1) any country, together with dependent areas under its administration, which signed the report of the Committee of European Economic Cooperation at Paris on September 22, 1947; and

(2) any other country (including any of the zones of occupation of Germany, any areas under international administration or control, and the Free Territory of Trieste or either of its zones) wholly or partly in Europe, together with dependent areas under its administration;

provided such country adheres to, and for so long as it remains an adherent to, a joint program for European recovery designed to accomplish the purposes of this title.

Free Territory of Trieste.

(b) Until such time as the Free Territory of Trieste or either of its zones becomes eligible for assistance under this title as a participating country, assistance to the Free Territory of Trieste, or either of its zones, is hereby authorized under the Foreign Aid Act of 1947 until June 30, 1949, and the said Foreign Aid Act of 1947 is hereby amended accordingly, and not to exceed $20,000,000 out of funds authorized to be advanced by the Reconstruction Finance Corporation under subsection (a) of section 114 of this title, or under subsection (d) of section 11 of the Foreign Aid Act of 1947 notwithstanding any appropriation heretofore made under such Act, may be utilized for the purposes of this subsection: *Provided*, That section 11 (b) of the Foreign Aid Act of 1947 shall not apply in respect of the Free Territory of Trieste or either of its zones: *And provided further*, That the provisions of section 115 (b) (6) of this title shall apply to local currency deposited pursuant to section 5 (b) of that Act.

TITLE IV

China Aid Act of 1948.

SEC. 401. This title may be cited as the "China Aid Act of 1948".

SEC. 402. Recognizing the intimate economic and other relationships between the United States and China, and recognizing that disruption following in the wake of war is not contained by national frontiers, the Congress finds that the existing situation in China endangers the establishment of a lasting peace, the general welfare and national interest of the United States, and the attainment of the objectives of the United Nations. It is the sense of the Congress that the further evolution in China of principles of individual liberty, free institutions, and genuine independence rests largely upon the continuing development of a strong and democratic national government as the basis for the establishment of sound economic conditions and for stable international economic relationships. Mindful of the advantages which the United States has enjoyed through the existence of a large domestic market with no internal trade barriers, and believing that similar advantages can accrue to China, it is declared to be the policy of the people of the United States to encourage the Republic of China and its people to exert sustained common efforts which will speedily achieve the internal peace and economic stability in China which are essential for lasting peace and prosperity in the world. It is further declared to be the policy of the people of the United States to encourage the Republic of China in its efforts to maintain the genuine independence and the administrative integrity of China, and to sustain and strengthen principles of individual liberty and free institutions in China through a program of assistance based on self-help and cooperation: *Provided*, That no assistance to China herein contemplated shall seriously impair the economic stability of the United States. It is further declared to be the policy of the United States that assistance provided by the United States under this title should at all times be dependent upon cooperation by the Republic

of China and its people in furthering the program: *Provided further*, That assistance furnished under this title shall not be construed as an express or implied assumption by the United States of any responsibility for policies, acts, or undertakings of the Republic of China or for conditions which may prevail in China at any time.

SEC. 403. Aid provided under this title shall be provided under the applicable provisions of the Economic Cooperation Act of 1948 which are consistent with the purposes of this title. It is not the purpose of this title that China, in order to receive aid hereunder, shall adhere to a joint program for European recovery.

SEC. 404. (a) In order to carry out the purposes of this title, there is hereby authorized to be appropriated to the President for aid to China a sum not to exceed $338,000,000 to remain available for obligation for the period of one year following the date of enactment of this Act.

(b) There is also hereby authorized to be appropriated to the President a sum not to exceed $125,000,000 for additional aid to China through grants, on such terms as the President may determine and without regard to the provisions of the Economic Cooperation Act of 1948, to remain available for obligation for the period of one year following the date of enactment of this Act.

SEC. 406. Notwithstanding the provisions of any other law, the Reconstruction Finance Corporation is authorized and directed, until such time as an appropriation is made pursuant to section 404, to make advances, not to exceed in the aggregate $50,000,000, to carry out the provisions of this title in such manner and in such amounts as the President shall determine. From appropriations authorized under section 404, there shall be repaid without interest to the Reconstruction Finance Corporation the advances made by it under the authority contained herein. No interest shall be charged on advances made by the Treasury to the Reconstruction Finance Corporation in implementation of this section.

Such Commission shall, subject to the direction and control of the Administrator, formulate and carry out a program for reconstruction in rural areas of China, which shall include such research and training activities as may be necessary or appropriate for such reconstruction: *Provided*, That assistance furnished under this section shall not be construed as an express or implied assumption by the United States of any responsibility for making any further contributions to carry out the purposes of this section.

inability to meet debts as they mature, and insolvency. To assist in accomplishing these ends and because certain classes of the securities of such carriers are in the usual case held by a very large number of holders, and, further, to enable modification and reformation of provisions of the aforesaid classes of securities and of provisions of the instruments pursuant to which they are issued or by which they are secured in cases where such modification and reformation shall have become necessary or desirable in the public interest in order to avoid obstruction to or interference with the economical, efficient, and orderly conduct by such carriers of their affairs, it is deemed necessary to provide means, in the manner and with the safeguards herein provided, for the alteration and modification, without the assent of every holder thereof, of the provisions of such classes of securities and of the instruments pursuant to which they are outstanding or by which they are secured.

SEC. 2. Part I of the Interstate Commerce Act, as amended, is amended by adding after section 20a the following new section:

41 Stat. 494.
49 U. S. C. § 20a.

Alteration of securities, mortgages, etc.

"SEC. 20b. (1) It shall be lawful (any express provision contained in any mortgage, indenture, deed of trust, corporate charter, stock certificate, or other instrument or any provision of State law to the contrary notwithstanding), with the approval and authorization of the Commission, as provided in paragraph (2) hereof, for a carrier as defined in section 20a (1) of this part to alter or modify (a) any provision of any class or classes of its securities as defined in section 20a (2) of this part being hereinafter in this section sometimes called 'securities'; or (b) any provision of any mortgage, indenture, deed of trust, corporate charter, or other instrument pursuant to which any class of its securities shall have been issued or by which any class of its obligations is secured (hereinafter referred to as instruments): *Provided*, That the provisions of this section shall not apply to any equipment-trust certificates in respect of which a carrier is obligated, or to any evidences of indebtedness of a carrier the payment of which is secured in any manner solely by equipment, or to any instrument, whether an agreement, lease, conditional-sale agreement, or otherwise, pursuant to which such equipment-trust certificates or such evidences of indebtedness shall have been issued or by which they are secured.

Equipment-trust certificates.

"(2) Whenever an alteration or modification is proposed under paragraph (1) hereof, the carrier seeking authority therefor shall, pursuant to such rules and regulations as the Commission shall prescribe, present an application to the Commission. Upon presentation of any such application, the Commission may, in its discretion, but need not, as a condition precedent to further consideration, require the applicant to secure assurances of assent to such alteration or modification by holders of such percentage of the aggregate principal amount or number of shares outstanding of the securities affected by such alteration or modification as the Commission shall in its discretion determine. If the Commission shall not require the applicant to secure any such assurances, or when such assurances, as the Commission may require shall have been secured, the Commission shall set such application for public hearing and the carrier shall give reasonable notice of such hearing in such manner, by mail, advertisement, or otherwise, as the Commission may find practicable and may direct, to holders of such of its classes of securities and to such other persons in interest as the Commission shall determine to be appropriate and shall direct. If the Commission, after hearing, in addition to making (in any case where such alteration or modification involves an issuance of securities) the findings required by paragraph (2) of section 20a, not inconsistent with paragraph (1) of this section shall find that, subject to such terms and conditions and with such amendments as it shall

determine to be just and reasonable, the proposed alteration or modification—

"(a) is within the scope of paragraph (1);

"(b) will be in the public interest;

"(c) will be in the best interests of the carrier, of each class of its stockholders, and of the holders of each class of its obligations affected by such modification or alteration; and

"(d) will not be adverse to the interests of any creditor of the carrier not affected by such modification or alteration,

then (unless the applicant, carrier shall withdraw its application) the Commission shall cause the carrier, in such manner as it shall direct, to submit the proposed alteration or modification (with such terms, conditions, and amendments, if any) to the holders of each class of its securities affected thereby, for acceptance or rejection. All letters, circulars, advertisements, and other communications, and all financial and statistical statements, or summaries thereof, to be used in soliciting the assents or the opposition of such holders shall, before being so used, be submitted to the Commission for its approval as to correctness and sufficiency of the material facts stated therein. If the Commission shall find that as a result of such submission the proposed alteration or modification has been assented to by the holders of at least 75 per centum of the aggregate principal amount or number of shares outstanding of each class of securities affected thereby (or in any case where 75 per centum thereof is held by fewer than twenty-five holders, such larger percentage, if any, as the Commission may determine to be just and reasonable and in the public interest), the Commission shall enter an order approving and authorizing the proposed alteration or modification upon the terms and conditions and with the amendments, if any, so determined to be just and reasonable. Such order shall make provision as to the time when such alteration or modification shall become and be binding, which may be upon publication of a declaration to that effect by the carrier, or otherwise, as the Commission may determine. Any alteration or modification which shall become and be binding pursuant to the approval and authority of the Commission hereunder shall be binding upon each holder of any security of the carrier of each class affected by such alteration or modification, and upon any trustee or other party to any instrument under which any class of obligations shall have been issued or by which it is secured, and when any alteration or modification shall become and be binding the rights of each such holder and of any such trustee or other party shall be correspondingly altered or modified.

Submission to security holders.

Approval of letters, etc., by Commission.

Assent by holders.

Securities affected by alteration, etc.

"(3) For the purposes of this section a class of securities shall be deemed to be affected by any modification or alteration proposed only (a) if a modification or alteration is proposed as to any provision of such class of securities, or (b) if any modification or alteration is proposed as to any provision of any instrument pursuant to which such class of securities shall have been issued or shall be secured: *Provided*, That in any case where more than one class of securities shall have been issued and be outstanding or shall be secured pursuant to any instrument, any alteration or modification proposed as to any provision of such instrument which does not relate to all of the classes of securities issued thereunder, shall be deemed to affect only the class or classes of securities to which such alteration or modification is related. For the purpose of the finding of the Commission referred to in paragraph (2) of this section as to whether the required percentage of the aggregate principal amount or number of shares outstanding of each class of securities affected by any proposed alteration or modification has assented to the making of such alteration or modification, any security which secures any evidence or evidences of indebtedness of the carrier or of any company controlling or controlled by

the carrier shall be deemed to be outstanding unless the Commission in its discretion determines that the proposed alteration or modification does not materially affect the interests of the holder or holders of the evidence or evidences of indebtedness secured by such security. Whenever any such pledged security is, for said purposes, to be deemed outstanding, assent in respect of such security, as to any proposed alteration or modification, may be given only (any express or implied provision in any mortgage, indenture, deed of trust, note, or other instrument to the contrary notwithstanding) as follows: (a) Where such security is pledged as security under a mortgage, indenture, deed of trust, or other instrument, pursuant to which any evidences of indebtedness are issued and outstanding, by the holders of a majority in principal amount of such evidences of indebtedness, or (b) where such security secures an evidence or evidences of indebtedness not issued pursuant to such a mortgage, indenture, deed of trust, or other instrument, by the holder or holders of such evidence or evidences of indebtedness; and in any such case the Commission, in addition to the submission referred to in paragraph (2) of this section, shall cause the carrier in such manner as it shall direct to submit the proposed alteration or modification (with such terms, conditions, and amendments, if any, as the Commission shall have determined to be just and reasonable) for acceptance or rejection, to the holders of the evidences of indebtedness issued and outstanding pursuant to such mortgage, indenture, deed of trust, or other instrument, or to the holder or holders of such evidence or evidences of indebtedness not so issued, and such proposed alteration or modification need not be submitted to the trustee of any such mortgage, indenture, deed of trust, or other instrument, but assent in respect of any such security shall be determined as hereinbefore in this section provided. For the purposes of this section a security or an evidence of indebtedness shall not be deemed to be outstanding if in the determination of the Commission the assent of the holder thereof to any proposed alteration or modification is within the control of the carrier or of any person or persons controlling the carrier.

Liability as guarantor, etc.

"(4) (a) Any authorization and approval hereunder of any alteration or modification of a provision of any class of securities of a carrier or of a provision of any instrument pursuant to which a class of securities has been issued, or by which it is secured, shall be deemed to constitute authorization and approval of a corresponding alteration or modification of the obligation of any other carrier which has assumed liability in respect of such class of securities as guarantor, endorser, surety, or otherwise: *Provided*, That such other carrier consents in writing to such alteration or modification of such class of securities in respect of which it has assumed liability or of the instrument pursuant to which such class of securities has been issued or by which it is secured and, such consent having been given, any such corresponding alteration or modification shall become effective, without other action, when the alteration or modification of such class of securities or of such instrument shall become and be binding.

"(b) Any person who is liable or obligated contingently or otherwise on any class or classes of securities issued by a carrier shall, with respect to such class or classes of securities, for the purposes of this section, be deemed a carrier.

"(5) The authority conferred by this section shall be exclusive and plenary and any carrier, in respect of any alteration or modification authorized and approved by the Commission hereunder, shall have full power to make any such alteration or modification and to take any actions incidental or appropriate thereto, and may make any such alteration or modification and take any such actions, and any such alteration or modification may be made without securing the approval

Any power granted by this section to any carrier shall be deemed to be in addition to and in modification of its powers under its corporate charter or under the laws of any State. The provisions of this section shall not affect in any way the negotiability of any security of any carrier or of the obligation of any carrier which has assumed liability in respect thereto.

Negotiability of security.

Reports.

"(6) The Commission shall require periodical or special reports from each carrier which shall hereafter secure from the Commission approval and authorization of any alteration or modification under this section, which shall show, in such detail as the Commission may require, the action taken by the carrier in the making of such alteration or modification.

Provisions permissive.

"(7) The provisions of this section are permissive and not mandatory and shall not require any carrier to obtain authorization and approval of the Commission hereunder for the making of any alteration or modification of any provision of any of its securities or of any class thereof or of any provision of any mortgage, indenture, deed of trust, corporate charter, or other instrument, which it may be able lawfully to make in any other manner, whether by reason of provisions for the making of such alteration or modification in any such mortgage, indenture, deed of trust, corporate charter, or other instrument, or otherwise: *Provided*, That the provisions of paragraph (2) of section 20a, if applicable to such alteration or modification made otherwise than pursuant to the provisions of this section, shall continue to be so applicable.

In connection with any order entered by the Commission pursuant to paragraph (2) hereof, the Commission may from time to time, for good cause shown, make such supplemental orders in the premises as it may deem necessary or appropriate, and may by any such supplemental order modify the provisions of any such order, subject always to the requirements of said paragraph (2).

Nonapplicability.

SEC. 3. MAKING OF RATES.—(a) Rates for insurance within the scope of this Act shall not be excessive, inadequate, or unfairly discriminatory.

(b) Due consideration shall be given to past and prospective loss experience within and outside the District, to physical hazards, to safety and loss prevention factors, to underwriting practice and judgment, to catastrophe hazards, if any, to a reasonable margin for underwriting profit and contingencies; to dividends, savings, or unabsorbed premium deposits allowed or returned by companies to their policyholders, members, or subscribers; to past and prospective expenses both country-wide and those specially applicable to the District; to whether classification rates exist generally for the risks under consideration; to the rarity or peculiar characteristics of the risks; and to all other relevant factors within and outside the District.

Losses; risks.

(c) Nothing in this section shall be taken to prohibit as unfairly discriminatory the establishment of classifications or modifications of classifications of risks based upon the size, expense, management, individual experience, location or dispersion of hazard, or any other reasonable considerations attributable to such risks provided such classifications and modifications apply to all risks under the same or substantially similar circumstances or conditions.

Classification of risks.

(d) Nothing in this Act shall be construed to require uniformity in insurance rates, classifications, rating plans, or practices.

Uniformity in rates, etc.

(e) Nothing in this Act shall abridge or restrict the freedom of contract of companies, agents, brokers, or employees with reference to the commissions or salaries to be paid to such agents, brokers, or employees by companies.

Commissions or salaries.

(f) Rates may become effective immediately upon filing or at such future time as the company or rating organization making them may specify. They shall thereafter remain in effect unless and until changed by the company or rating organization making them, or adjusted by order of the Superintendent in accordance with the provisions of this Act. Rates for contracts or policies described in the last sentence of subsection (c) of section 4 of this Act may become effective when made and filing thereof shall be made promptly thereafter.

Effective date of rates.

Post, p. 244.

(g) No company, agent, or broker shall make, issue, or deliver, or knowingly permit the making, issuance, or delivery of any policy of insurance within the scope of this Act contrary to pertinent filings which are in effect for the company as provided in this Act, except that upon the written application of the insured stating his reasons therefor, filed with and approved by the Superintendent, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

Excessive rates.

SEC. 4. SUPERVISION OF RATES.—(a) On and after July 1, 1948, every company shall file with the Superintendent, either directly or through a licensed rating organization of which it is a member or subscriber,

except as to rates on inland marine risks which are not made by a rating organization and which by general custom of the business are not written according to manual rates or rating plans, all rates and rating plans, rules, and classifications which it uses or proposes to use in the District.

Investigations.

(b) Whenever it shall be made to appear to the Superintendent, either from his own information or from complaint of any party alleging to be aggrieved thereby, that there are reasonable grounds to believe that the rates on any or on all risks or classes of risks or kinds of insurance within the scope of this Act are not in accordance with the terms of this Act, it shall be his duty, and he shall have the full power and authority, to investigate the necessity for an adjustment of any or all such rates.

Adjustments.

(c) After such an investigation of any such rates, the Superintendent shall, before ordering any appropriate adjustment thereof, hold a hearing upon not less than ten days' written notice specifying the matters to be considered at such hearing, to every company and rating organization which filed such rates, provided the Superintendent need not hold such hearing in the event he is advised by every such company and rating organization that they do not desire such hearing. If after such hearing the Superintendent determines that any or all of such rates are excessive or inadequate, he shall order appropriate adjustment thereof. Pending such investigation and order of the Superintendent, rates shall be deemed to have been made in accordance with the terms of this Act. No order of adjustment shall affect any contract or policy made or issued prior to the effective date of such order unless (i) the adjustment to be effected is substantial and exceeds the cost to the companies of making the adjustment and (ii) the order is made after the prescribed investigation and hearing and within thirty days after the filing of rates affected. In no event shall an order of adjustment affect an existing contract or policy other than one of workmen's compensation or automobile liability insurance required by law, order, rule, or regulation of a public authority, or a contract or policy of any type as to which the rates are not, by general custom of the business or because of rarity and peculiar characteristics, written according to normal classification or rating procedure.

Written notice of hearing.

Prior contracts.

(d) In determining the necessity for an adjustment of rates, the Superintendent shall be bound by all of the provisions of section 3 of this Act.

Ante, p. 243.

(e) The Superintendent is further empowered to investigate and to order removed at such time and in such manner as he shall specify any unfair discrimination existing between individual risks or classes of risks.

Removal of discrimination.

SEC. 5. COOPERATIVE AND CONCERTED ACTION AUTHORIZED.—Subject to the provisions of this Act, two or more companies may cooperate or act in concert with each other—

(a) as a rating organization, for the purpose of making rates, rating plans, or rating systems. No company shall be deemed to be a rating organization;

(b) as an advisory organization, for the purpose of preparing policy forms, making underwriting rules, surveys, or inspections incident to but not including the making of rates, rating plans or rating systems, or collecting and furnishing to companies or rating organizations loss or expense statistics or other statistical data, and acting in an advisory as distinguished from a rate making capacity;

(c) as a group or fleet of companies operating under the same general management and control, for the purpose of conducting a complete insurance service;

(d) as a group, association, or other organization for the purpose of joint underwriting or joint reinsurance, or of equitable apportionment and proper rating of insurance which may be afforded applicants who are in good faith entitled to but who are unable to procure such insurance through ordinary methods.

No company shall be required by this Act to be a member or subscriber of any rating organization.

SEC. 6. COOPERATIVE AND CONCERTED ACTION REGULATED.—(a) Every group, association, or other organization of companies authorized to act as such under the terms of this Act, except groups or fleets described in subsection (c) of section 5, shall file with the Superintendent (1) a copy of its constitution, its articles of agreement or association, or its certificate of incorporation, and of its bylaws, rules, and regulations governing the conduct of its business; (2) a list of its members and subscribers, if any; (3) the name and address of a resident of the District upon whom notices or orders of the Superintendent or process affecting it may be served; and shall notify the Superintendent promptly of any change in the foregoing.

(b) No group, association, or organization shall engage in any unfair or unreasonable practice in the conduct of its business.

License to operate in D. C.

(c) No rating organization shall conduct its business with respect to insurance on risks located within the District without a license from the Superintendent. To obtain such a license, a rating organization shall, in addition to the matters specified in subsection (a) of this section, supply to the Superintendent a statement relating to its qualifications as a rating organization and its ability adequately to administer the rates, rules, and regulations which it may make in behalf of its members and subscribers.

If the Superintendent finds that the applicant is competent, trustworthy, and otherwise qualified to act as a rating organization, he shall forthwith issue a license specifying the kinds of insurance and subdivisions thereof for which the applicant is authorized to act as a rating organization, but, if the Superintendent does not so find within thirty days after he has received such application, he shall, at the request of the applicant, give the applicant a full hearing.

Licenses issued pursuant to this section shall remain in effect until suspended or revoked by the Superintendent unless voluntarily surrendered by the rating organization. The fee for said license shall be $250 and shall be paid by the applicant through the Superintendent to Collector of Taxes, District of Columbia.

Fee.

Amendment of license.

Licenses issued pursuant to this section may, at the request of the rating organization, be amended by the Superintendent so as to include authority with respect to additional kinds of insurance and subdivisions thereof, provided the rating organization satisfies the Superintendent that such amendment would not in any way be contrary to or inconsistent with the provisions of this Act: *Provided*, That an additional fee in the amount of $50 shall be charged for such amendment.

Fee.

Suspension or revocation.

The license of any rating organization may be suspended or revoked by the Superintendent for failure to comply with this Act or for incompetence or untrustworthiness. The Superintendent shall not revoke or suspend the license of any rating organization until he has given it not less than thirty days' notice of the proposed revocation or suspension and of the grounds alleged therefor and has afforded the rating organization an opportunity to be heard.

Penalty.

In lieu of revoking or suspending the license of any rating organization after hearing and for the causes named herein, the Superintendent may subject such rating organization to a penalty of not more than $250 when in his judgment he finds that the public interest would be best served by the continued operation of the rating organization. The amount of any such penalty shall be paid by the rating organization through the Superintendent to Collector of Taxes, District of Columbia.

Subscribers.

(d) Every licensed rating organization shall, subject to reasonable rules and regulations, permit any company not a member to be a subscriber to its rating services for any kind of insurance or subdivision thereof for which it is authorized to act; shall give notice of changes in such rules and regulations to its subscribers; and shall furnish its rating services without discrimination to its members and subscribers.

Agreements, etc.

(e) No licensed rating organization shall adopt any rule, effect any agreement, or take any action contrary to or inconsistent with the provisions of this Act or which would have the effect of prohibiting, restricting, or regulating the payment or allowance by any of its members or subscribers of dividends, savings, or unabsorbed premium deposits; nor practice or sanction any plan or act of boycott, coercion, or intimidation; nor enter into or sanction any contract or act by which any person is restrained from lawfully engaging in the business of insurance.

Deviation from filings.

(f) Every member of or subscriber to a licensed rating organization shall adhere to the filings made on its behalf by such organization except that any such member or subscriber may deviate from such filings if it has filed with the rating organization and with the Superintendent the deviation to be applied and information necessary to justify the deviation and provided such deviation is approved by the Superintendent. If approved, the deviation shall remain in force until such approval is withdrawn by the Superintendent after notice to the company or withdrawn by the company with the approval of the Superintendent. The Superintendent shall approve any such deviation unless he finds that the deviation to be applied would not be uniform in its application or would be inconsistent with the provisions of this Act, but unless he approves the deviation within thirty days he shall, within a reasonable time, grant a hearing to the applicant at the applicant's request.

Approval by Superintendent.

SEC. 7. INFORMATION TO BE FURNISHED BY COMPANIES.—(a) Every rating organization and every company which makes its own rates shall, within a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it, or to the authorized representative of such insured, all pertinent information as to such rate.

Hearing of grievances.

(b) Every rating organization and every company which makes its own rates shall provide within the District reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to revise the manner in which such rating system has been applied in connection with the insurance afforded him. If the rating organization or company fails to grant or reject such request within thirty days after it is made, the applicant may proceed in the same manner as if his application had been rejected. Any party affected by the action of such rating organization or such company on such request may, within thirty days after written notice of such action, appeal to the Superintendent, who, after a hearing held upon not less than ten days' written notice to the appellant and to such rating organization or company, may affirm or reverse such action.

Withholding information.

(c) No company, agent, broker, or rating organization may willfully withhold required information from or give false or misleading information to the Superintendent.

(d) No company, agent, or broker shall fail to furnish to an insured any policy or comparable evidence of insurance to which the insured is entitled.

SEC. 8. AUTHORITY AND DUTY OF SUPERINTENDENT.—In addition to any powers hereinbefore expressly enumerated in this Act, the Superintendent shall have full power and authority, and it shall be his duty,

to enforce by regulations, orders, or otherwise all and singular, the provisions of this Act, and the full intent thereof. In particular he shall have the authority and power— Authority of Superintendent.

(a) to examine all records of companies and rating organizations and to require any or every company, agent, broker, and rating organization to furnish under oath such information as he may deem necessary for the administration of this Act. The expense of such examination shall be paid by the company or rating organization examined. In lieu of such examination the Superintendent may, in his discretion, accept a report of examination made by any other insurance supervisory authority;

(b) to make and enforce such reasonable orders, rules, and regulations as may be necessary in making this Act effective, but such orders, rules, and regulations shall not be contrary to or inconsistent with the provisions of this Act;

(c) to issue an order, after a full hearing to all parties in interest requiring any group, association, or organization of companies and the members thereof to cease and desist from any unfair or unreasonable practice;

(d) The Superintendent may designate one or more rating organizations or other agencies to assist him in gathering statistical data and in making such compilations thereof as may be necessary for the proper administration of this Act. Such compilations shall be made available, subject to reasonable rules promulgated by the Superintendent, to companies and rating organizations.

The Superintendent shall have no authority at any hearing to compel the attendance of witnesses and he shall not be required to adhere to formal rules of pleading or evidence. At the request of a party or parties in interest made prior to any hearing, he shall administer oaths to witnesses and shall permit such party or parties, at the cost and expense of one who so requests, to have made a record of the hearing, which record upon request of such party or parties the Superintendent shall certify. Oaths, etc.

SEC. 9. PENALTIES.—Any company, broker, or agent guilty of violating any of the provisions of this Act or any order, rule, or regulation issued pursuant to this Act, shall be subject to the provisions of sections 3 and 36, respectively, of chapter II, of said Act approved October 9, 1940, as amended. 54 Stat. 1066, 1079. "RULE NUMBERED 1. In the following rules every steam vessel which is under sail and not under power is to be considered a sailing vessel, and every vessel under power, whether under sail or not, is to be considered a steam vessel.

"Steam vessel."

"The words 'steam vessel' shall include any vessel propelled by machinery.

"Under way."

"A vessel is 'under way' within the meaning of these rules when she is not at anchor, or made fast to the shore, or aground.

"Visible."

"The word 'visible' in these rules, when applied to lights, shall mean visible on a dark night with a clear atmosphere.

"Distinct blast."

"The words 'distinct blast' in these rules, when applied to whistle signals shall mean a clearly audible blast of any length.

"II—LIGHTS, AND SO FORTH

"RULE NUMBERED 2. The rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights, or impair their visibility, shall be exhibited.

Lights on vessel towing another.

"RULE NUMBERED 3. A steam vessel when towing another vessel or vessels alongside or by pushing ahead shall carry—

"(a) On the starboard side a green light so constructed and fixed as to show the light from ahead and not more than half a

point on the port bow to two points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least three miles.

"(b) On the port side a red light so constructed and fixed as to show the light from ahead and not more than half a point on the starboard bow, to two points abaft the beam on the port side, and of such a character as to be visible at a distance of at least three miles.

"(c) The said green and red side lights shall be fitted with inboard screens painted black and projecting at least three feet forward from the light, so as to prevent these lights from being seen more than half a point across the bow.

"(d) At or near the stern, where they can best be seen, two red lights in a vertical line, one over the other, not less than three feet apart, of such a character as to be visible from aft for a distance of at least two miles, and so screened as not to be visible forward of the beam.

Additional lights when towing.

"RULE NUMBERED 4. A steam vessel when towing another vessel or vessels on a hawser astern shall carry, in addition to the side lights described in rule 3 (a), (b), and (c) and at a greater height than those lights, in the forward half of the vessel, two bright white lights in a vertical line, one over the other, at least three feet apart. Each of these lights shall be so constructed as to show an unbroken light over an arc of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side and of such a character as to be visible at a distance of at least three miles.

Vessel underway.

26 Stat. 321.
33 U. S. C. § 72.
"River steamer."

"RULE NUMBERED 5. A seagoing steam vessel underway shall carry lights as required by article 2, International Rules, as amended.

"RULE NUMBERED 6. A river steamer, by which is meant a river-type steam vessel with two smokestacks in an athwartship line, may carry, in lieu of the lights prescribed by rule 7 (a), the following lights, namely: One red light on the outboard side of the port smokestack and one green light on the outboard side of the starboard smokestack. Such lights shall show forward, aft, and abeam on their respective sides.

Infra.

Additional lights for vessel underway.

Ante, p. 250.

"RULE NUMBERED 7. (a) A steam vessel underway, except as otherwise provided in these rules, shall carry, in addition to side lights as described in rule 3 (a), (b), and (c), a central range of two white lights, the after light being carried at an elevation higher than the light at the head of the vessel. The headlight shall be so constructed as to show an unbroken light through twenty points of the compass, namely, from right ahead to two points abaft the beam on either side of the vessel, and the after light so as to show all around the horizon.

Barges, etc., in tow; ferryboats.

"(b) The lights for barges, canal boats, scows, and other vessels of nondescript type, when in tow of steam vessels, and for ferryboats, shall be as prescribed by the Commandant, United States Coast Guard.

Sailing vessel underway; vessels in tow.

"RULE NUMBERED 8. A sailing vessel under way, and any vessel being towed except barges, canal boats, scows, and other vessels of nondescript type when in tow of steam vessels, shall carry screened side lights as prescribed by rule 3, sections (a), (b), and (c), for a steam vessel, and a stern light as prescribed by rule 10.

Ante, p. 250; *post*, p. 252.

Portable lights.

"RULE NUMBERED 9. Whenever, as in the case of small vessels during bad weather, the green and red lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for instant exhibition, and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side, nor the red light on the starboard side. To make the use of these portable

lights more certain and easy, they shall each be painted outside with the color of the light they respectively contain, and shall be provided with suitable screens.

Vessel being overtaken.

"RULE NUMBERED 10. A vessel which is being overtaken by another, except a steam vessel which already has one or more running lights visible from aft, shall show from her stern to such overtaking vessel a white light or a flare-up light.

"The white light required to be shown by this article may be fixed and carried in a lantern, but in such case the lantern shall be so constructed, fitted, and screened that it shall throw an unbroken light over an arc of the horizon of twelve points of the compass, namely, for six points from right aft on each side of the vessel, so as to be visible at a distance of at least two miles.

Sailing pilot vessels.

"RULE NUMBERED 11. (a) Sailing pilot vessels, when engaged on their station on pilotage duty, and not at anchor, shall not show the lights required for other vessels, but shall carry a white light at the masthead, visible all around the horizon, at a distance of at least three miles, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed ten minutes.

"On the near approach of or to other vessels they shall have their side lights lighted, ready for use, and shall flash or show them at short intervals to indicate the direction in which they are heading, but the green light shall not be shown on the port side, nor the red light on the starboard side.

"A sailing pilot vessel of such a class as to be obliged to go alongside of a vessel to put a pilot on board may show the white light instead of carrying it at the masthead, and may, instead of the side lights above mentioned, have at hand, ready for use, a lantern with a green glass on the one side and a red glass on the other, to be used as prescribed above.

Steam pilot vessel.

"(b) A steam pilot vessel when engaged on her station on pilotage duty and not at anchor shall, in addition to the lights and flares required for sailing pilot vessels, carry, at a distance of eight feet below her white masthead lights, a red light, visible all around the horizon at a distance of at least three miles, and also the side lights required to be carried by vessels when under way.

All pilot vessels.

"(c) All pilot vessels, when engaged on their stations on pilotage duty and at anchor, shall carry the lights and show the flares prescribed above, except that the side lights shall not be shown.

"When not engaged on their stations on pilotage duty they shall carry the same lights as other vessels of their class and tonnage.

Motorboats.

54 Stat. 163.
46 U. S. C. §§ 526-526t.

"RULE NUMBERED 12. Motorboats, when not engaged in towing, shall be lighted as provided by the Motorboat Act of April 25, 1940, as amended. When towing, they shall be subject to the same provisions for lighting as other steam vessels towing.

Vessels under 150 feet in length, at anchor.

"RULE NUMBERED 13. (a) A vessel under one hundred and fifty feet in length, when at anchor, and not moored to the bank or wharf, shall carry forward, where it can best be seen, a white light in a lantern so constructed as to show a clear, uniform, and unbroken light visible all around the horizon at a distance of at least two miles: *Provided*, That the Secretary of the Army may, after investigation, by rule, regulation, or order, designate such areas as he may deem proper as 'special anchorage areas'; such special anchorage areas may from time to time be changed, or abolished, if after investigation the Secretary of the Army shall deem such change or abolition in the interest of navigation: *Provided further*, That vessels not more than sixty-five feet in length when at anchor in any such special anchorage area shall not be required to carry or exhibit the white light required by this article.

"Special anchorage areas."

Exception.

Vessels of 150 feet or upward, at anchor.

"(b) A vessel of one hundred and fifty feet or upward in length, when at anchor, and not moored to the bank or a wharf, shall carry

in the forward part of the vessel, where it can best be seen, one such light, and at or near the stern of the vessel, and at such a height that it shall not be less than fifteen feet lower than the forward light, another such light.

Vessel of war; Coast Guard cutter.

"RULE NUMBERED 14. The exhibition of any light on board of a vessel of war of the United States or a Coast Guard cutter may be suspended whenever, in the opinion of the Secretary of the Navy, the commander in chief of a squadron, or the commander of a vessel acting singly, the special character of the service may require it.

Signals.

"RULE NUMBERED 15. All signals prescribed by this article for vessels under way shall be given—

"By 'steam vessels' on the whistle or siren.

"By sailing vessels and 'vessels towed' on the foghorn.

"A steam vessel shall be provided with an efficient whistle or siren, sounded by steam or by some substitute for steam, so placed that the sound may not be intercepted by any obstruction; also with an efficient bell. A sailing vessel of twenty gross tons or upward shall be provided with a similar bell.

"In fog, mist, falling snow, heavy rainstorms, or any other condition similarly restricting visibility, whether by day or night, the signals described by this article shall be used as follows, namely:

"(a) A steam vessel under way and towing another vessel or vessels shall sound, at intervals of not more than one minute, three distinct blasts of the whistle, of approximately equal length.

"(b) A steam vessel under way without a tow shall sound, at intervals of not more than one minute, three blasts of the whistle, the first two blasts to be approximately of equal length, the last blast to be longer.

"(c) A steam vessel, with or without a tow, lying to, by which is meant holding her position near or against the bank by using her engines, or temporarily moored to the bank, when a fog signal or other sound is heard indicating the approach of another vessel, shall, if lying to on the right bank, give one tap of the bell to indicate her presence, and if lying to on the left bank, two taps of the bell, at intervals of not more than one minute, such signals to continue until the approaching steam vessel has passed. Right and left bank is understood as facing downstream or with the flow of the current.

"(d) A vessel when at anchor shall, at intervals of not more than one minute, ring the bell rapidly for about five seconds.

Speed in fog, etc.

"RULE NUMBERED 16. Every steam vessel shall, in fog, mist, falling snow, heavy rainstorms, or any other condition similarly restricting visibility, whether by day or night, go at a moderate speed. A steam vessel hearing, apparently forward of her beam, the fog signal of another vessel shall at once reduce her speed to bare steerageway, and navigate with caution until the vessels shall have passed each other.

Sailing vessels approaching one another.

"RULE NUMBERED 17. When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, namely:

"(a) A vessel which is running free shall keep out of the way of a vessel which is close-hauled.

"(b) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.

"(c) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.

"(d) When both are running free, with the wind on the same side, the vessel which is to the windward shall keep out of the way of the vessel which is to the leeward.

"(e) A vessel which has the wind aft shall keep out of the way of the other vessel.

"III—STEERING AND SAILING RULES

"PRELIMINARY—RISK OF COLLISION

"Risk of collision can, when circumstances permit, be ascertained by carefully watching the bearing of an approaching vessel. If the bearing does not appreciably change such risk should be deemed to exist.

Vessels meeting end on.

"RULE NUMBERED 18. (a) When two steam vessels are meeting end on, or nearly end on, so as to involve risk of collision, except when one steam vessel is ascending and the other descending a river, it shall be the duty of each to pass on the port side of the other, and to alter course to starboard sufficiently so that this can be done in safety. This maneuver shall require an exchange of one-blast signals when the vessels are not less than one-half mile apart, and either vessel shall blow the first signal which the other shall promptly answer.

Ascending and descending vessels.

"(b) When an ascending steam vessel is approaching a descending steam vessel on a river, the signals for passing shall be one distinct blast of the whistle by each vessel if passing port to port, and two distinct blasts of the whistle if passing starboard to starboard.

"The pilot of the ascending steam vessel shall give the first signal for passing, which shall promptly be answered by the same signal by the pilot of the descending steam vessel, if safe to do so, and both shall be governed accordingly; but if the pilot of the descending steam vessel deems it dangerous to take the side indicated by the ascending steam vessel, he shall immediately signify that fact by sounding four or more short and rapid blasts, the danger signal, and it shall be the duty of the pilot of the ascending steam vessel to answer by a similar danger signal and the engines of both shall immediately be stopped and backed, if necessary, until signals for passing are given, answered, and understood. After sounding the danger signal by both vessels, the pilot of the descending steam vessel shall indicate by his whistle the side on which he desires to pass, and the pilot of the ascending steam vessel shall govern himself accordingly, the descending steam vessel being entitled to the right-of-way.

"The pilot of the descending steam vessel shall not blow the first signal, except that if the other vessel has not whistled when the steam vessels, or the forward end of their tows, if being pushed ahead, are within one-half mile of each other, he shall blow the first danger signal, which shall be promptly answered by a danger signal by the ascending vessel; but whether answered or not, the pilot of the descending vessel shall indicate the side on which he desires to pass, and both vessels shall be governed accordingly.

Vessels crossing.

"RULE NUMBERED 19. (a) When two steam vessels are crossing so as to involve risk of collision, other than when one vessel is overtaking another, the vessel which has the other to starboard shall keep out of the way of the other. Either vessel shall give, as a signal of intention to comply with this rule, one distinct blast of her whistle, which the other vessel shall answer with a similar blast: *Provided, however*, That a steam vessel descending a river and towing another vessel or vessels shall be deemed to have the right-of-way over any steam vessel crossing the river, and shall give as a signal of her intention to hold on across the bow of the other vessel, three distinct blasts of the whistle. The crossing vessel shall immediately reply with a similar signal, and shall keep clear by stopping or going under the stern of the descending vessel.

Descending vessel towing another.

Misunderstanding of signals.

"(b) If from any cause the conditions covered by these situations are such as to prevent immediate compliance with each other's signals, the misunderstanding or objection shall be at once made apparent by blowing four or more short and rapid blasts, the danger signal,

and both steam vessels shall be stopped and backed if necessary until signals for passing with safety in accordance with these rules are given, answered, and understood.

Steam vessel and sailing vessel.

"RULE NUMBERED 20. When a steam vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, except when the sailing vessel is overtaking the steam vessel, the steam vessel shall keep out of the way of the sailing vessel.

Approaching vessel.

"RULE NUMBERED 21. Every steam vessel, when approaching another vessel so as to involve risk of collision, shall slacken her speed, or, if necessary, stop and reverse.

Overtaking vessel.

"RULE NUMBERED 22. (a) Notwithstanding anything contained in these rules, every vessel, overtaking any other, shall keep out of the way of the overtaken vessel.

"Every vessel coming up with another vessel from any direction more than two points abaft her beam shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

"As the overtaking vessel cannot always know with certainty whether she is forward of or abaft this direction from the other vessel, she should, if in doubt, assume that she is an overtaking vessel and keep out of the way.

"(b) When one steam vessel is overtaking another steam vessel, so as to involve risk of collision, and the overtaking vessel shall desire to pass on the right or starboard side of the other vessel, she shall give, as a signal of such desire, one distinct blast of her whistle, and if the overtaken vessel answers with one blast, shall direct her course to starboard; or if the overtaking vessel shall desire to pass on the left or port side of the other vessel, she shall give as a signal of such desire, two distinct blasts of her whistle and if the overtaken vessel answers with two blasts, shall direct her course to port. However, if the overtaken vessel does not think it is safe for the overtaking vessel to attempt to pass at that time, she shall immediately so signify by giving several short and rapid blasts of her whistle, not less than four, and under no circumstances shall the overtaking vessel attempt to pass until such time as they have reached a point where it can be safely done, and the overtaken vessel shall have signified her willingness by blowing the proper signal, two blasts for the overtaking vessel to pass on the port side, one blast to pass on the starboard side, which signal shall be answered with a similar signal by the overtaking vessel before passing. After an agreement has been reached the overtaken vessel shall in no case attempt to cross the bow or crowd upon the course of the overtaking vessel.

Ante, pp. 253, 254; *supra*.

"RULE NUMBERED 23. Where by rules 17, 19, 20, and 22 one of two vessels shall keep out of the way, the other shall keep her course, subject to the qualifications of rule 25.

Post, p. 256.

Danger signal to approaching vessel.

"RULE NUMBERED 24. (a) If, when steam vessels are approaching each other either vessel for any reason fails to understand, or regards as unsafe, the course or intention of the other, the vessel in doubt shall immediately so signify by giving several short and rapid blasts of her whistle, at least four, the danger signal.

Vessel nearing bend in channel.

"(b) Whenever a steam vessel, whether ascending or descending, is nearing a bend in a channel where, from the height of the banks or other cause, a steam vessel approaching from the other direction cannot be seen for a distance of six hundred yards, such steam vessel, when within six hundred yards of such bend—or if she have a tow projecting ahead, then when the head of such tow is within six hundred yards of the bend—shall give a signal by three distinct blasts of her whistle, which signal shall be answered by a similar signal given by any

approaching steam vessel that may be within hearing around the bend. Should such signal be so answered by a steam vessel upon the farther side of such bend, then, immediately upon sighting each other, the usual signals for meeting and passing shall be given and answered. Regardless of whether an approaching vessel on the farther side of the bend is heard, such bend shall be rounded with alertness and caution.

Vessel moved from dock, etc.

"(c) When a steam vessel is moved from her dock, or anchorage, she shall give the same signal as in the case of a steam vessel nearing a bend, but she and any approaching vessel shall be governed by rules 25 and 26 until her course is apparent, and then both vessels shall be governed by the other steering and sailing rules.

Infra.

"(For additional whistle signals and other regulations established by the Commandant, United States Coast Guard, see Pilot Rules for Western Rivers as prescribed under section 4233A.)

Infra.

Departure from rules.

"RULE NUMBERED 25. In obeying and construing these rules due regard shall be had to all dangers of navigation and collision and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger. When such departure becomes necessary neither vessel shall have the right-of-way and both shall navigate with caution until danger of collision is over.

Negligence.

"RULE NUMBERED 26. Nothing in these rules shall exonerate any vessel, or the owner or master or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

"RULE NUMBERED 27. All orders to helmsmen shall be given as follows:

"Right rudder."

"'Right rudder' to mean 'Direct the vessel's head to starboard'.

"Left rudder."

"'Left rudder' to mean 'Direct the vessel's head to port'.

Rules and regulations.

"SEC. 4233A. (a) The Commandant of the United States Coast Guard shall establish such rules to be observed on the waters mentioned in the preceding section by steam vessels in passing each other and as to the lights to be carried on such waters by ferryboats and by vessels and craft of all types when in tow of steam vessels, or operating by hand power or horsepower or drifting with the current, and any other vessels not otherwise provided for, not inconsistent with the provisions of this Act, as he from time to time may deem necessary for safety, which rules are hereby declared special rules duly made by local authority, as provided for in article thirty of chapter eight hundred and two of the laws of eighteen hundred and ninety. Two printed copies of such rules shall be furnished to all vessels and craft mentioned in this subsection, which rules shall, where practicable, be kept posted up in conspicuous places thereon.

26 Stat. 328.
33 U. S. C. § 131.

Publication.

"(b) Except in an emergency, before any rules or any alteration, amendment, or repeal thereof, are established by the Commandant of the United States Coast Guard under the provisions of this section, the said Commandant shall publish such rules, alterations, amendments, and repeals and public hearings shall be held with respect thereto before the Coast Guard Merchant Marine Council on such notice as the Commandant deems reasonable under the circumstances.

Penalty for pilots, etc.

"SEC. 4233B. Every licensed or unlicensed pilot, engineer, mate, or master of any steam vessel, and every master or mate of any barge, canal boat, scow, or other nondescript craft, who neglects or refuses to observe the provisions of section 4233, or the regulations established in pursuance of section 4233A, shall be liable to a penalty not exceeding $500, and for all damages sustained by any passenger in his person or baggage by such neglect or refusal: *Provided*, That nothing herein shall relieve any vessel, owner, or corporation from any liability incurred by reason of such neglect or refusal.

Ante, p. 250.

Supra.

"SEC. 4233C. Every vessel that shall be navigated without complying with the provisions of section 4233, or the regulations established in pursuance of section 4233A, shall be liable to a penalty of $500, one-half to go to the informer, for which sum the vessel so navigated shall be liable and may be seized and proceeded against by action in any district court of the United States having jurisdiction of the offense."

Penalty for vessel.
Ante, pp. 250, 256.

SEC. 5. Where any Navy or Coast Guard vessel of special construction, as certified to by the Secretary of the Navy, or the Secretary of the Treasury in the case of Coast Guard vessels operating under the Treasury Department, or such official or officials as either may designate, is now or may hereafter by virtue of statute, convention, or treaty, be exempt from compliance with any requirements of the International Rules of the Road, such type of vessel shall similarly be exempt from compliance with any corresponding requirement under the rules specified in this Act.

Exemption of certain vessels.
Ante, p. 69.

SEC. 6. This Act shall become effective on January 1, 1949.

Effective date.

AN ACT

To provide for adjustment of irrigation charges on the Flathead Indian irrigation project, Montana, and for other purposes.

May 25, 1948
[H. R. 5669]
[Public Law 554]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the repayment to the United States of all reimbursable costs heretofore or hereafter incurred for the construction of the irrigation and power systems of the Flathead Indian irrigation project in Montana (hereinafter called the project), including such operation and maintenance costs as have been covered into construction costs under the Act of March 7, 1928 (45 Stat. 200, 212–213), and supplemental Acts, and including the unpaid operation and maintenance costs for the irrigation seasons of 1926 and 1927 which are hereby covered into construction costs, shall be accomplished as prescribed by this Act, notwithstanding any provision of law to the contrary.

Flathead Indian irrigation project, Mont.
Adjustment of irrigation charges.

SEC. 2. (a) All costs heretofore or hereafter incurred for the construction of the irrigation system shall be allocated to the Mission Valley, Camas, and Jocko divisions of the project in proportion to the amount of such costs incurred for the respective benefit of each of these divisions.

Allocation of costs.

(b) The net revenues heretofore and hereafter accumulated from the power system shall be determined by deducting from the gross revenues the expenses of operating and maintaining the power system, and the funds necessary to provide for the creation and maintenance of appropriate reserves in accordance with section 3 of the Act of August 7, 1946 (60 Stat. 895; 31 U. S. C., sec. 725s–3).

Net revenues from power system.

(c) The deferred obligation established by the Act of May 10, 1926 (44 Stat. 453, 464–466), for repayment of the per acre costs of the Camas division in excess of the per acre costs of the Mission Valley division shall be determined on the basis of the costs heretofore incurred for the construction of those divisions, and shall be liquidated

Deferred obligation.

from the net revenues heretofore accumulated from the power system.

Reduction of reimbursable costs.

(d) The remainder of the net revenues heretofore accumulated from the power system shall be applied to reduce the reimbursable costs heretofore incurred for the construction of the power system, and the reimbursable costs heretofore incurred for the construction of the irrigation system (exclusive of the deferred obligation for the excess costs of the Camas division) as allocated among the several divisions pursuant to subsection (a) of this section, in proportion to the respective amounts of each of the foregoing categories of costs.

Reimbursable costs of irrigation system.

(e) The reimbursable costs heretofore incurred for the construction of the irrigation system of each division of the project and not repaid through the credits provided for in subsections (c) and (d) of this subsection shall be scheduled for repayment in annual installments of approximately equal amount, in a manner which will provide for liquidation of such costs over a period of fifty years from January 1, 1950. The reimbursable costs hereafter incurred for the construction of the irrigation system shall be added to the schedule of repayments established pursuant to this subsection by increasing the amount or the number, or both, of the annual installments maturing after the incurrence of such costs, in a manner which will provide for their liquidation within a period not exceeding the useful life of the works involved, or not exceeding fifty years from the time when the additional costs are incurred, whichever period is the lesser. Each annual installment shall be distributed over all irrigable lands within the division on an equal per acre basis, and the costs so charged against any parcel of lands within the division shall constitute a first lien thereon under the Act of May 10, 1926 (44 Stat. 453, 464–466). Upon the maturity or prepayment of any annual installment, the amount of the installment shall be reduced by deducting any sums included therein which are chargeable to lands on which the collection of construction costs is then deferred under the Act of July 1, 1932 (47 Stat. 564; 25 U. S. C., sec. 386a), or which are chargeable to other lands and have been already repaid to the United States.

Annual installments.

Reimbursable costs of power system.

(f) The reimbursable costs heretofore incurred for the construction of the power system and not repaid through the credits provided for in subsections (c) and (d) of this subsection, or through other credits from the revenues of the power system, shall be scheduled for repayment in annual installments of approximately equal amount, in a manner which will provide for liquidation of such costs over a period not exceeding the remaining useful life of the power system as a whole, or not exceeding fifty years from January 1, 1950, whichever period is the lesser. The reimbursable costs hereafter incurred for the construction of the power system shall be added to the schedule of repayments established pursuant to this subsection by increasing the amount or the number, or both, of the annual installments maturing after the incurrence of such costs, in a manner which will provide for their liquidation within a period not exceeding the useful life of the works involved, or not exceeding fifty years from the time when the additional costs are incurred, whichever period is the lesser. Each annual installment shall be repaid to the United States solely out of the revenues from the power system.

Annual installments.

Sale of electric energy.

(g) Electric energy available for sale through the power system shall be sold at the lowest rates which, in the judgment of the Secretary of the Interior, will produce net revenues sufficient to liquidate the annual installments of the power system construction costs established pursuant to subsection (f) of this section, and (for the purpose of reducing the irrigation system construction costs chargeable against the lands embraced within the project and of insuring the carrying out of the intent and purpose of legislation and repayment contracts

applicable to the project) to yield a reasonable return on the unliquidated portion of the power system construction costs, and (for the same purpose) to yield such additional sums as will cover the amount by which the wholesale value of the electric energy sold exceeds the cost thereof where such excess is the result of the electric energy having been obtained on a special basis in return for water rights or other grants.

Net revenues from power system.

(h) All net revenues hereafter accumulated from the power system shall be applied annually to the following purposes, in the following order of priority:

(1) To liquidate all matured installments of the schedule of repayments for construction costs of the power system;

(2) To liquidate all matured installments of the schedule of repayments for construction costs of the irrigation system of each division, on an equal per acre basis for all irrigable lands within the division;

(3) To liquidate unmatured installments of the schedule of repayments for construction costs of the power system which will mature at a date not later than the maturity of any unliquidated installment of irrigation system construction costs;

(4) To liquidate unmatured installments of the schedule of repayments for construction costs of the irrigation system of each division which will mature at a date prior to the maturity of any unliquidated installment of power system construction costs, on an equal per acre basis for all irrigable lands within the division;

(5) To liquidate construction costs chargeable against Indian-owned lands the collection of which is deferred under the Act of July 1, 1932 (47 Stat. 564; 25 U. S. C., sec. 386a); and

(6) To liquidate the annual operation and maintenance costs of the irrigation system.

Allowance for construction costs.

(i) In applying net revenues from the power system to the annual installments of irrigation system construction costs for any division of the project under the preceding subsection, allowance shall be made for any construction costs deferred under the Act of July 1, 1932 (47 Stat. 564; 25 U. S. C., sec. 386a), or already repaid to the United States which have been deducted from such installments under subsection (e) of this section, by distributing the net revenues available for such application over all irrigable lands within the division on an equal per acre basis, and by applying the net revenues distributed to the lands chargeable with the construction costs that have been so deferred or repaid, in amounts proportionate to the deductions made on account of such costs, to any then unpaid or subsequently assessed costs of operating and maintaining the irrigation system which are chargeable against the same lands.

Assessment against lands.

(j) Any matured installment of irrigation system construction costs, or portion thereof, which is not liquidated at or before its maturity through the application thereto of net revenues from the power system under subsection (h) of this section shall be repaid to the United States by an assessment against the lands chargeable with the construction costs included in the installment. Such repayment shall be deferred for any period of time that may be requisite to provide for the assessment and collection of such costs in conformity with the laws of the State of Montana, but shall be completed within two years after the maturity of the installment concerned.

Supplemental contracts.

SEC. 3. The repayment adjustments provided for in sections 1 and 2 of this Act shall not become effective unless, within two years after the approval of this Act, the irrigation districts embracing lands within the project not covered by trust or restricted patents have entered into contracts satisfactory to the Secretary of the Interior, whereby such districts (1) obligate themselves for the repayment of

the construction costs chargeable against all irrigable lands embraced within the districts contracting (exclusive of Indian-owned lands on which the collection of construction costs is deferred) to the extent and in the manner prescribed by sections 1 and 2 of this Act; (2) consent to such revisions in the limits of cost for the project, or any division thereof, as the Secretary and the districts contracting may mutually agree upon in order to facilitate the making of needed improvements and extensions to the irrigation and power systems; (3) provide for redetermination by the Secretary of the irrigable area of the project, or any division thereof, and for the exclusion of lands from the project, with the consent of the holder of any water rights that would be canceled by such exclusion; and (4) make such other changes in the existing repayment contracts as the Secretary and the districts contracting may mutually agree upon for accomplishment of the purposes of this Act. In order to facilitate the commencement of repayment at the earliest practicable time, such contracts may provide for adjusting the maturity dates or amounts of the annual installments in a manner which will ultimately place the repayment schedules on substantially the same basis as though such contracts had been entered into prior to their actual execution, but not earlier than January 1, 1949.

Cancellation of certain unpaid charges.

SEC. 4. Unpaid charges for operation and maintenance of the irrigation system which were assessed prior to May 10, 1926, against any lands within the project, amounting to a sum not exceeding $40,549.89, and unpaid charges due from consumers for electric energy sold through the power system between July 1, 1931, and June 30, 1942, amounting to a sum not exceeding $2,195.16, are hereby canceled. The cancellation of the operation and maintenance charges shall be reported in the reimbursable accounts rendered to the Comptroller General of the United States, pursuant to the Act of April 14, 1910 (36 Stat. 269, 270; 25 U. S. C., sec. 145), as deductions from the total indebtedness of the project without regard to the fiscal years in which, or the appropriations from which, the expenditures were made.

Appropriations authorized.

SEC. 5. There is hereby authorized to be appropriated, out of any funds in the Treasury not otherwise appropriated, the following sums, for the following purposes, to be reimbursed to the United States as hereinafter provided:

Confederated Salish and Kootenai Tribes.

(a) The sum of $64,161.18, with interest thereon at the rate of 4 per centum per annum from May 18, 1916, and the sum of $409.38, with interest thereon at the same rate from December 1, 1925, to be used to repay the Confederated Salish and Kootenai Tribes of the Flathead Reservation in Montana the balance remaining due them under the Act of May 18, 1916 (39 Stat. 123, 141). The aggregate principal amount of $64,570.56 so repaid shall be added to the construction costs of the project and shall be reimbursable.

(b) The sum of $400,000 to be deposited in the United States Treasury to the credit of the Confederated Salish and Kootenai Tribes of the Flathead Reservation in Montana; of which sum one-half shall be in full settlement of all claims of said tribes on account of the past use of tribal lands for the physical works and facilities of the irrigation and power systems of the project, or for wildlife refuges; and the other one-half shall be in full payment to said tribes for a permanent easement to the United States, its grantees and assigns, for the continuation of any and all of the foregoing uses, whether heretofore or hereafter initiated, upon the tribal lands now used or reserved for the foregoing purposes. The said tribes shall have the right to use such tribal lands, and to grant leases or concessions thereon, for any and all purposes not inconsistent with such permanent easement. The amount deposited in the Treasury pursuant to this subsection shall be added to the construction costs of the project and shall be reimbursable.

(c) The sum of $1,000,000 to continue the construction of the irrigation and power systems of the project. Amounts expended pursuant to this subsection shall be added to the construction costs of the project and shall be reimbursable. Construction.

(d) No expenditure shall be made from any appropriation granted under the authorizations contained in this section until the repayment of all reimbursable construction costs incurred through such expenditure has been secured by contracts conforming to the requirements of section 3 of this Act. Restriction.

SEC. 6. In each fiscal year commencing after the approval of this Act for which an appropriation of the power revenues from the project is made in an indefinite amount pursuant to section 3 of the Act of August 7, 1946 (60 Stat. 895; 31 U. S. C., sec. 725s–3), the power revenues so appropriated shall be available, to the extent of not to exceed $75,000, for the purpose, in addition to those other purposes now required or permitted by law, of making such improvements and extensions to the power system as the Secretary of the Interior may deem requisite for the provision of electric service to persons whose applications for such service could not otherwise be complied with in due course of business. Amounts so expended shall be added to the unmatured portion of the reimbursable construction costs of the power system in accordance with subsection 2 (f) of this Act, so as not to reduce the net power revenues available for application under subsection 2 (h) of this Act. Availability of appropriations.

SEC. 7. Consistent with the terms of the repayment contracts heretofore or hereafter executed, the Secretary of the Interior is hereby authorized to issue such public notices fixing construction costs and apportioning construction charges, to enter into such contracts, to make such determinations, to effect such adjustments in project accounts, to prescribe such regulations, and to do such other acts and things as may be necessary or appropriate to accomplish the purposes of this Act. Issuance of public notices.

SEC. 8. All Acts or parts thereof inconsistent with the provisions of this Act are hereby repealed.

To provide for furnishing transportation for certain Government and other personnel, and for other purposes.

Transportation of certain personnel.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force shall determine that the effective conduct of the affairs of his department requires assured and adequate transportation facilities to and from their places of employment for personnel attached to or employed by such department, including, during any period of war or national emergency declared by the Congress or the President, personnel attached to or employed by private plants engaged in the manufacture of material for such departments, he is hereby authorized in the absence of adequate private or other facilities to provide such transportation, by motor vehicle or water carrier, subject, however, to the following provisions and conditions:

Acquisition of equipment.

1. The equipment required to provide such transportation facilities may be either purchased, leased, or chartered for operation by the Department of the Army, the Department of the Navy, or the Department of the Air Force, and when so obtained may be maintained and operated either by enlisted personnel, civil employees of the Department of the Army, the Department of the Navy, or the Department of the Air Force or by private personnel under contract with such departments. Equipment so obtained may also be leased or chartered to private or public carriers for operation under such terms and conditions as the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force, or such official within their respective departments as they may designate, shall determine necessary and advisable under the existing circumstances: *Provided*, That any equipment purchased, leased, or operated by authority of this Act shall have a seating capacity of twelve or more passengers.

Lease or charter to private or public carriers.

Rates of fare.

2. That in each case where transportation facilities are provided hereunder, reasonable rates of fare for the service furnished shall be established and charged under such regulations as the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force shall prescribe; the receipts from such fares, and the proceeds from the leasing or chartering of any equipment as provided in the foregoing paragraph, shall be deposited in the Treasury of the United States to the credit of miscellaneous receipts.

Restriction on use.

3. The facilities and service authorized hereunder shall be utilized only for the transportation of personnel heretofore enumerated and for the purpose heretofore stated, under such rules and regulations as may be prescribed by authority of the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force: *Provided, however*, That where the equipment and facilities herein provided for are pooled under lease or charter agreements, the reciprocal use of Government-owned and private-owned equipment shall be deemed to be within the intent of this paragraph.

Exercise of authority.

4. The authority herein granted the Secretary of the Army, the Secretary of the Navy, and the Secretary of the Air Force shall be

exercised in each case only after a determination by the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force, or such official within their respective departments as they may designate, as the case may be, that existing private and other facilities are not and cannot be rendered adequate by other means, that reasonable effort has been made to induce operators of private facilities to provide the necessary service, and that its exercise will result in the most efficient method of supplying transportation to the personnel concerned and a proper utilization of transportation facilities.

The approval of the Commission shall be granted only upon such terms and conditions as the Commission may prescribe as necessary to enable it to grant its approval in accordance with the standard above set forth in this paragraph.

Whereas in connection with its contracts with Puerto Rican and Hawaiian producers for control of the succeeding crop of raw cane sugar from each of such areas, Commodity Credit Corporation made adjustment payments to producers in amounts designed to equalize the prices paid for Puerto Rican and Hawaiian raw cane sugar of the 1946 and 1947 crop years with those paid for Cuban raw cane sugar of the same crop years, but such adjustment payments were denied to the Honolulu Plantation Company, the Plazuela Sugar Company, Godreau, Godreau and Compania (Central Caribe), and
